## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
William B. Harlan Memorial Library  
Tompkinsville, Kentucky

We have audited the accompanying modified cash basis financial statements of William B. Harlan Memorial Library, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Library's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1, this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of William B. Harlan Memorial Library, as of June 30, 2016, and the respective changes in modified cash basis financial position and, where applicable, cash flows thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

### **Basis of Accounting**

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-5 and budgetary comparison information on page 16 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 9, 2017, on our consideration of the William B. Harlan Memorial Library's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering William B. Harlan Memorial Library's internal control over financial reporting and compliance.

**William B. Harlan Memorial Library  
Management's Discussion and Analysis  
June 30, 2016**

This discussion and analysis is intended to serve as an introduction to the Library's basic financial statements. The Library's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Financial Highlights

	<u>6/30/2016</u>	<u>6/30/2015</u>	<u>Percent change</u>
Operating revenues	\$ 259,460	\$ 250,641	3.52%
Operating expenses	\$ 205,718	\$ 203,156	1.26%
Fund balance	\$ 314,487	\$ 260,745	17.09%

Overview of the Financial Statements

The William B. Harlan Memorial Library is a self-supporting entity. The financial statements are presented using the modified cash basis of accounting. These financial statements are presented in accordance with GASB 34.

The government-wide financial statements are designed to provide readers with a broad overview of the Library's finances.

The statement of net position presents information on the Library's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Library is improving or deteriorating.

The statement of activities presents information showing how the Library's net position changed during the most recent fiscal year.

The Library reports only one governmental fund: the general fund.

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the entity-wide and fund financial statements.

<b>Total Net Position</b>	<u><b>\$ 369,619</b></u>	<u><b>\$ 317,439</b></u>

The largest portion of the Library's net position reflects its investment in capital assets, e.g. building, equipment and vehicles, less any related debt used to acquire those assets still outstanding. The Library uses these assets to provide services to citizens and consumers.

The balance of unrestricted net position may be used to meet the Library's outgoing obligations to citizens and creditors.

	<u>6/30/2016</u>	<u>6/30/2015</u>
Revenues	\$ 259,460	\$ 250,641

Capital Assets

The Library's investment in capital assets as of June 30, 2016 amounts to \$55,132 (net of accumulated depreciation), which included building, equipment and vehicles. The Library purchased a new truck chassis and 2 transport ventilators during the year.

Budget

Actual revenues were more than budgeted mainly due to tax collections and increased customer collections.

**Note 1 - Summary of Significant Accounting Policies**

Organization

The William B. Harlan Memorial Library is the basic level of government which has financial accountability and control over all activities related to the Library. The directors have decision making authority, the authority to levy taxes, the power to designate management, the ability to significantly influence operations, and are primarily accountable for fiscal matters. The Library receives funding from local and state sources and must comply with the requirements of these funding source entities. The Library's operations are governed by a board of directors who are appointed and approved by the Monroe County Fiscal Court.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Both the entity-wide financial statements and the governmental fund financial statements are reported using the current financial resources measurement focus and the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, assets, liabilities, and related revenues and expenditures are recorded when they result from cash transactions, with few exceptions. This modified cash basis recognizes revenues when received and expenditures when paid. Long-term receivables, deferred revenue, long-term obligations and amounts to be provided in future years to retire debt are also recorded in the financial statements.

Budget

The budget is adopted on the cash basis of accounting. The Board of Directors approves the original budget and any budget amendments.

Estimates

The preparation of the basic financial statements in conformity with modified cash basis of accounting principles requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, designated fund balances, and disclosure of contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Net Position

Net position classifications are defined as follows:

- *Invested in capital assets, net of related debt* - This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
  
- *Restricted* - This component of net position consists of constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
  
- *Unrestricted* - This component of net position consists of net position that does not meet the definition of "restricted" or "invested in capital assets, net of related debt."

**Notes to Financial Statements**  
**June 30, 2016**

**Note 1- Summary of Significant Accounting Policies (Continued)**

Fund Balance Classification:

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based on the extent to which the Library is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.
- Restricted: This classification includes amounts for which constraints have been placed on the use of the other resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the board of directors. These amounts cannot be used for any other purpose unless the board of directors removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.
- Assigned: This classification includes amounts that are constrained by the Library's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the board of directors or through the board of directors delegating this responsibility to management through the budgetary process.
- Unassigned: This classification includes the residual fund balance. The Unassigned Classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts. At June 30, 2016 all resources of the Library were classified as unassigned.

The Library would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

**William B. Harlan Memorial Library**  
**Notes to Financial Statements**  
**June 30, 2016**

**Note 1 - Summary of Significant Accounting Policies (Concluded)**

Capital Assets

Building, improvements, equipment, and vehicles are recorded at cost net of accumulated depreciation in the entity wide financial statements. Expenditures for major renewals and betterments that extend the useful lives of capital assets are capitalized. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Assets acquired by gift or contribution are recorded at fair market value at the time of bequest or receipt.

Capital assets of the Library are depreciated using the straight-line method over the following estimated useful lives:

Building and improvements	40 years
Equipment	7-10 years
Vehicles	5-7 years

Reclassification

Certain amounts in the 2015 financial statements were reclassified to conform to the 2016 presentation.

**Note 2 - Concentrations of Credit Risk**

Deposits

At year end, the carrying amount of the City's cash deposits were \$305,478 and the bank balance was \$309,870. The difference between book and bank balances primarily represents checks that have been issued, but have not cleared the bank as of June 30, 2016. Of the total funds, \$250,000 were insured by Federal Depository Insurance Company or pledged securities at the bank. \$59,870 of the City's deposits were uninsured at June 30, 2016.

Interest Rate Risk: The Library does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Currently, the Library has one certificate of deposit in the amount of \$11,572 with an interest rate of .35%.

**Note 3 – Deferred Inflows/Outflows of Resources**

The Library adopted GASB No. 63 and in addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense) until then. The Library has no items that qualify for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. The Library has no items that qualify for reporting in this category.

**Note 5 – Subsequent Event**

Management has evaluated subsequent events through January 9, 2017, the date which the financial statements were available to be issued.

**Note 6 – Property Taxes**

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 15 and are due and payable at that time. All unpaid taxes levied January 1, become delinquent in the following year. The ad valorem tax for fiscal year 2016 was \$.058 per \$100 assessed valuation for real property, \$.061 per \$100 assessed valuation for tangible property, and \$.023 per \$100 assessed valuation for motor vehicles.

**Note 7 – Restatement**

Net position at the beginning of 2015 has been adjusted for a change in accounting principle from cash basis to modified cash basis, which requires presentation of capital assets and long term debt.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors  
William B. Harlan Memorial Library  
Tompkinsville, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of William B. Harlan Memorial Library, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the William B. Harlan Memorial Library's basic financial statements, and have issued our report thereon dated January 9, 2017.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered William B. Harlan Memorial Library's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial William B. Harlan Memorial Library's internal control. Accordingly, we do not express an opinion on the effectiveness of William B. Harlan Memorial Library's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether William B. Harlan Memorial Library's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
