Independent Auditor's Report

Board of Directors
Concord Fire Protection District
McCracken County, Kentucky

We have audited the accompanying modified cash basis financial statements of the governmental activities, and the aggregate remaining fund information of the Concord Fire Protection District as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Concord Fire Protection District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities and the aggregate remaining fund information of the Concord Fire Protection District as of June 30, 2020, and the respective changes in modified cash basis financial position for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to that matter.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Concord Fire Protection District's basic financial statements. The budgetary comparison information on page 11, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 17, 2020, on our consideration of the Concord Fire Protection District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Concord Fire Protection District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Concord Fire Protection District's internal control over financial reporting and compliance.

CONCORD FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2020

Note 1 - Summary of Significant Accounting Policies:

As discussed further in Note 1C, these financial statements are presented on the Modified Cash Basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements.

1A. Reporting Entity

The financial statements of the Concord Fire Protection District (District) consist only of the operations of the District. The District has no oversight responsibility for any other entity since no other entities are considered to be controlled by or dependent upon the District. Control or dependence is determined upon the basis of budget adoption, funding, and appointment of the respective governing board.

1B. Basis of Presentation

Government-wide Financial Statements

The Statement of Net Position - Modified Cash Basis and Statement of Activities - Modified Cash Basis display information about the reporting government as a whole. They detail the governmental activities of the reporting entity. Governmental activities generally are financed through taxes, intergovernmental receipts, and other non-exchange receipts.

Fund Financial Statements

Fund financial statements of the reporting entity detail the activities of the general fund. Funds are accounted for by providing a separate set of self-balancing accounts that constitute its assets and fund equity, receipts, and disbursements.

The District is a single fund entity.

1C. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Basis of Accounting

In the government-wide Statement of Net Position - Modified Cash Basis and Statement of Activities - Modified Cash Basis and the fund financial statements, activities are presented using the Modified Cash Basis of accounting. Receipts and related assets are generally recognized when received rather than when earned. Disbursements are recognized when paid rather than when a liability is incurred including capital asset purchases.

As a result of the use of the Modified Cash Basis of accounting, certain assets and their related revenues and certain liabilities and their related expenses are not recorded in these financial statements.

If the District utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

(Continued)

CONCORD FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2020

Note 1 - Summary of Significant Accounting Policies (Continued):

1D. Assets and Equity

Deposits and Investments

For the purpose of the Statement of Net Position - Modified Cash Basis, "cash in bank" includes all demand, savings accounts, and certificates of deposit of the District. Additional cash disclosures are presented in Note 2A. The District maintains its cash with financial institutions insured by the Federal Deposit Insurance Corporation (FDIC). The District has no investment policy that would further limit its investment choices.

Equity Classifications

Government-wide Statements

Equity is classified as net position and displayed in two components:

- a. Restricted - Consists of equity with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) laws through constitutional provisions or enabling legislation. The District did not have a restricted net position at June 30, 2020.
- b. Unrestricted - All other equity that does not meet the definition of "restricted."

Fund Financial Statements

Governmental fund equity is classified as fund balance and displayed in five components:

- a. Nonspendable fund balance includes amounts that are not in a spendable form or are required to be maintained intact indefinitely. The District did not have a nonspendable fund balance at June 30, 2020.
- b. Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by creditors, grantors, contributors, or laws or regulations of other governments. The District did not have a restricted fund balance at June 30, 2020.
- c. Committed fund balance includes amounts that can be used only for the specific purposes determined by the District through approval of resolutions. Commitments may be changed or lifted only by the District making the same formal action that imposed the constraint originally. The District did not have a committed fund balance at June 30, 2020.
- d. Assigned fund balance comprises the amounts intended to be used for a specific purpose. Intent can be expressed by the board of trustees or the District director. No formal action is required. The District did not have an assigned fund balance at June 30, 2020.
- e. Unassigned fund balance is the residual balance not contained in or "nonspendable fund balance" or "restricted fund balance" or "committed fund balance" or "assigned fund balance."

(Continued)

CONCORD FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2020

Note 1 - Summary of Significant Accounting Policies (Continued):

When both restricted and unrestricted fund balances are available for use, it is the District's policy to use restricted fund balance first, then unrestricted fund balance. Furthermore, committed fund balances are reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications can be used.

1E. Receipts and Disbursements

Program Receipts

The District's primary revenues are property taxes, fees, and intergovernmental payments. In the Statement of Activities - Modified Cash Basis, program receipts consist of facilities rent, site cleanup, and state aid.

The McCracken County Clerk bills and the Sheriff collects property taxes for the District. The taxes are remitted to the District by the Sheriff's office. District property tax revenues are recorded when received.

The due dates and collection period for all property taxes for the year ended June 30, 2020, are as follows:

<u>Description</u>	<u>Date</u>
Assessment and enforceable lien	January 1, 2020
Levy	October 1, 2020
Face value amount payment dates	December 31, 2020
Delinquent date	January 1, 2021

1F. Subsequent Events

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through December 17, 2020, the date financial statements were available to be issued.

1G. Legal Compliance - Budget

The budget is adopted on the modified cash basis of accounting and laws of Kentucky as required by the Department for Local Governments (DLG). The District is required to submit estimated revenues and proposed expenditures to DLG by July 15th of the budget year. The budget is required to be adopted by the District no later than June 30th of the preceding year. Any amendments to the budget must be approved by the governing body (the District's Board) and may not create an unbalanced budget. All budget amendments must be submitted to DLG.

Note 2 - Detail Notes on Transaction Classes/Accounts:

The following notes present detailed information to support the amounts reported in the basic financial statements for its various assets, equity, receipts, and disbursements.

(Continued)

CONCORD FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2020

Note 2 - Detail Notes on Transaction Classes/Accounts (Continued):

2A. Cash

The carrying amount of the District's cash in bank was \$355,400, and the bank balance was \$358,445 for the year ended June 30, 2020. \$250,000 of the bank balance was insured by federal depository insurance, and the remaining \$108,445 was subject to custodial credit risk. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The remaining balance of \$108,445 was uninsured and collateralized with securities held by the pledging bank's agent not in the District's name.

**Independent Auditor's Report on Internal Control
Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

The Board of Directors
Concord Fire Protection District
Paducah, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, and the aggregate remaining fund information of the Concord Fire Protection District, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Concord Fire Protection District's basic financial statements, and have issued our report thereon dated December 17, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Concord Fire Protection District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Concord Fire Protection District's internal control. Accordingly, we do not express an opinion on the effectiveness of Concord Fire Protection District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned function, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during the audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Concord Fire Protection District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
