INDEPENDENT AUDITOR'S REPORT

To the Commissioners City of Grayson Utility Commission Grayson, Kentucky

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the business-type activities of the City of Grayson Utility Commission, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City of Grayson Utility Commission's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the City of Grayson Utility Commission, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Grayson Utility Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Grayson Utility Commission's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

To the Commissioners City of Grayson Utility Commission Grayson, Kentucky

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Grayson Utility Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
 accounting estimates made by management, as well as evaluate the overall presentation of the
 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Grayson Utility Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 14, 2023, on our consideration of the City of Grayson Utility Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and

To the Commissioners City of Grayson Utility Commission Grayson, Kentucky

grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Grayson Utility Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Grayson Utility Commission's internal control over financial reporting and compliance.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the City of Grayson Utility Commission (the Commission), a component unit of Grayson, Kentucky is presented to assist in understanding the Commission's financial statements. The financial statements and notes are representations of the Commission's management, who are responsible for their integrity and objectivity. These accounting policies, as applied to the aforementioned financial statements, conform to generally accepted accounting principles applicable to governmental units.

Organization & Activity

The City of Grayson Utility Commission provides water, sewer, gas, and garbage services to residents and businesses of the City and areas surrounding the City, the operations of which are financed by user charges.

The Commission was established in November 2000, by the City Council of the City of Grayson, Kentucky, for the purpose of managing and directing the various utility operations of the City. The Commission is composed of five members: The Mayor of the City of Grayson, Kentucky and four public members. The commission has the full power and authority to appoint and remove all employees of the Grayson utilities and to fix and allow compensation of employees. The Commission also has the power and authority to purchase all supplies, initiate repairs and maintenance and choose depositories for funds. The power and authority to change utility rates and initiate permanent/capital improvements remains with the City Council of the City of Grayson, Kentucky. The Commission is to make recommendations for rate changes and capital projects.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The Commission's financial statements are presented on the full accrual basis in accordance with accounting principles generally accepted in the United States of America.

All activities of the Commission are accounted for within a single proprietary (enterprise reporting) entity. Proprietary entities are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost (expense, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The accounting and financial reporting treatment applied to the Commission is determined by its measurement focus. The transactions of the Commission are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the Statement of Net Position. Net Position is segregated into "invested in capital assets, net of related debt;" "restricted;" and "unrestricted" components.

Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with the Commission's ongoing operations. The principal operating revenues are charges to customers for sales and services that are provided to them. The Commission also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water system. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Commission's policy to use restricted resources first, then unrestricted resources as they are needed.

Encumbrances

The Commission does not use a system of encumbrances in their accounting and reporting methods.

Accounts Receivables

Accounts receivables are stated at face amount and include billed and unbilled receivables due as of June 30, 2023. Unbilled receivables represent income earned during the current year, but not yet billed to the customer. The billing mailed on June 30, 2023 was for customer usage from approximately May 16 through June 15, 2023. The entire amount is considered accounts receivable as of June 30, 2023. The billing mailed on July 31, 2023 was for usage from approximately June 16 through July 15, 2023. Approximately half of this billing is considered unbilled receivables at June 30, 2023.

Allowance for Doubtful Accounts

The allowance for doubtful accounts is estimated using accounts receivable past due more than 60 days.

Inventory of Supplies

Inventories are valued at replacement cost. Inventory of the Utility Commission consists of materials and supplies.

Deposits and Investments

KRS 66.480 authorizes the Commission to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

CITY OF GRAYSON UTILITY COMMISSION NOTES TO FINANCIAL STATEMENTS

For the Year Ended June 30, 2023

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property, Plant and Equipment

Fixed assets consist of property, treatment plants, buildings and equipment used by the Utility Commission and are stated at cost. Major additions and improvements are capitalized; including extensions to water, sewer and gas lines, sometimes referred to as infrastructure, while items which do not extend the useful lives of the assets are expensed.

The reported value excludes the costs of normal maintenance and repairs that are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate.

Depreciation is charged as an expense against operations. Capital assets of the Commission are depreciated using the straight-line method over their estimated useful lives in years as set forth below:

| Category | Life in Years | | | |
|-------------------------|---------------|--|--|--|
| | | | | |
| Gas System | 22 | | | |
| Water and Sewer Systems | 40 - 50 | | | |
| Vehicles and Equipment | 3 - 10 | | | |

The depreciation expense charged to operations during the period ended June 30, 2023 is \$752,903.

Cash and Cash Equivalents

For the purpose of these financial statements, cash and cash equivalents consist of unrestricted and restricted cash and cash equivalents.

Restricted Net Position

Some of the Commission's assets have certain constraints that have been placed on how they can be used. By definition, restricted assets are cash or other assets, whose use in whole or in part are restricted for specific purposes bound by virtue of contractual agreements, legal requirements or enabling legislation.

Certain proceeds of the Commission's revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net position because their use is limited by applicable bond covenants. The "debt service" accounts are used to segregate resources accumulated for debt service payments over the next twelve months. The "depreciation reserve" account is used to report resources set aside to meet unexpected contingencies or to fund asset renewals, replacements and extensions.

CITY OF GRAYSON UTILITY COMMISSION NOTES TO FINANCIAL STATEMENTS

For the Year Ended June 30, 2023

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Federal Income Tax

The Commission is exempt from federal income tax since it is a governmental entity. Accordingly, the financial statements include no provision for income taxes.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE B – RESTRICTIONS ON CASH

Bond and Note Sinking Funds

Deposits into Bond and Note Sinking Funds are required to be made monthly in order to accumulate funds for payment of bond and note principal and interest. Debt Service Replacement Reserve Funds totaling \$615,875 are being invested in various federally insured banks.

Bond Proceeds

As of June 30, 2023 the Utility Commission had made multiple draws on Series 2023A bond proceeds leaving \$899,754 in funds available for water meter upgrades.

NOTE C - NET POSITION

Equity is classified as net position and displayed in three components:

- Invested in capital assets, net of related debt consisting of capital assets, net of accumulated depreciation and reduced by outstanding balances for debt related to the acquisition, construction, or improvement of those assets;
- Restricted net position resulting from constraints placed on net position by creditors, grantors, contributors, and other external parties, including those constraints imposed by law through constitutional provisions or enabling legislation; and
- Unrestricted net position those assets that do not meet the definition of restricted net position or invested in capital assets.

NOTE D - RISK MANAGEMENT

Significant losses are covered by commercial insurance. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

NOTE E - CASH AND INVESTMENTS

The primary government maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). According to KRS 66.480(1)(d) and KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the Commission and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the Commission's deposits may not be returned to it. The Commission does not have a deposit policy for custodial credit risk but rather follows the requirements of KRS 41.240(4). As of June 30, 2023, the bank balance was \$4,661,292; \$750,000 was covered by FDIC and \$3,911,292 by pledged collateral.

| Deposits Covered By Federal Insurance | \$ 750,000 |
|---------------------------------------|---------------------|
| Deposits Collateralized | 3,911,292 |
| Total Bank Balance | <u>\$ 4,661,292</u> |

NOTE F – FAIR VALUE MEASUREMENT

GASB Statement No. 72, Fair Value Measurement and Application, became effective in fiscal year 2016 which requires the measurement of certain assets and liabilities at fair value using a consistent and more detailed definition of fair value and accepted valuation techniques.

The carrying amount of the following financial instruments approximate fair value because of the short maturity of the instruments: cash equivalents and accounts receivable.

NOTE G - RETIREMENT

The City of Grayson, Kentucky adopted a 457(b) retirement plan for its employees, which includes the newly created Utility Commission employees as of July 1, 1999. Participation in the plan is on a voluntary basis with eligibility starting after one year of full-time employment. The City has no contract with the administrator of the plan specifying the time period for the vesting of matching funds; therefore, by default, upon participation all plan benefits are fully vested. The Commission contributes six percent of the employees' eligible salary, and the employees are required to match the six percent. Additional employee contributions are permissible up to ten percent of eligible salaries. A third-party administrator maintains the plan assets and calculates benefits due. The Commission's contributions to the plan for the year ending June 30, 2023 were \$45,791.

NOTE H - COMPENSATED ABSENCES

The Commission's compensated absence policy states upon retirement, accumulated sick time will be paid at a rate of 50 percent of the employee's current base pay. Accumulated sick time in excess of 800 hours will be paid annually at a rate of 75 percent. Unused vacation time at December 31 will not carry over to the new calendar year. Any employee who terminates in good standing will be paid for the unused portion of vacation time that has been earned. Compensated absences included in accrued wages for the year ending June 30, 2023 was \$50,022.

NOTE I – PROPERTY, PLANT, AND EQUIPMENT

The Commission's major classes of utility capital assets and accumulated depreciation are shown below:

| | Balance 6/30/2022 | Additions Disposals | | Balance 6/30/2023 | | |
|--------------------------------|--------------------------|---------------------|----|-------------------|------------|------------|
| Land | \$ 602,950 | | \$ | | \$ | 602,950 |

NOTE J - BONDS AND NOTE PAYABLE

Notes payable at June 30, 2023 consisted of the following:

| Kentucky Infrastructure Authority, payable in semi-annual installments of \$30,156, including interest of 1.7%, final payment due December 2025, collateralized by all the assets of the Commission's water system. | \$ 147,011 |
|---|---------------|
| Kentucky Infrastructure Authority, payable in semi-annual installments estimated at \$101,855, including interest of 1.8%, final payment due June 2026, collateralized by all the assets of the | |
| Commission's water system. | 514,118 |

NOTE J – BONDS AND NOTE PAYABLE (CONTINUED)

Kentucky Infrastructure Authority, payable in semi-annual installments estimated at \$20,384, including interest of 1.0%, final payment due December 2036, collateralized by a pledge of utility revenues.

492,157

Total Utility Fund Notes Payable

\$ 1,153,286

The annual requirements to amortize all Notes Payable outstanding as of June 30, 2023 including interest are as follows:

| Year Ended June 30 | | Scheduled Interest & Fees | | Scheduled Principal | Total Payment | | |
|-----------------------|-----|------------------------------|----|------------------------|------------------|-----------|--|
| 2024 | \$. | 18,003 | \$ | 260,597 | \$ | 278,600 | |
| 2025 | | 13,020 | | 264,974 | | 277,994 | |
| 2026 | | 7,946 | | 239,272 | | 247,218 | |
| 2027 | | 4,556 | | 35,267 | | 39,823 | |
| 2028 | | 4,132 | | 35,620 | | 39,752 | |
| 2029-2033 | | 14,144 | | 183,529 | | 197,673 | |
| 2034-2037 | | 3,233 | | 134,027 | | 137,260 | |
| Totals | \$ | 65,034 | \$ | 1,153,286 | \$ | 1,218,320 | |

Whenever any Event of Default has occurred and is continuing, the Authority (Kentucky Infrastructure Authority) may, without any further demand or notice, take one or any combination of the following remedial steps:

- A. Declare all payments due hereunder, as set forth in the Schedule of Payments to be immediately due and payable.
- B. Exercise all the rights and remedies of the Authority set forth in the Act.
- C. Take whatever action at law or in equity may appear necessary or desirable to enforce its rights under this Assistance Agreement.

Upon the occurrence of an Event of Default, and upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Authority under this Assistance Agreement, the Authority shall be entitled, as a matter of right, to the appointment of a receiver or receivers of the System and all receipts therefrom, pending such proceedings, with such power as the court making such appointment shall confer; provided, however, that the Authority may, with or without action under this Section, pursue any available remedy to enforce the payment obligations hereunder, or to remedy any Event of Default.

NOTE J - BONDS AND NOTE PAYABLE (Continued)

Bonds payable included in long-term debt in the accompanying financial statements includes the following:

Revenue Bonds:

| \$2,030,000 Utilities Revenue Bonds, 2020 series, maturing through February 1, 2040, with interest at 2.25% | \$ 1,709,583 |
|--|--------------|
| \$4,925,000 Utilities Revenue Bonds, 2023 A series, maturing through January 1, 2044, with interest at 2.25% | 4,862,501 |
| Total Revenue Bonds Payable | \$ 6,572,084 |

The annual requirements to amortize all Bonds Payable outstanding as of June 30, 2023 including interest are as follows:

| June 30 | Scheduled Interest | | Scheduled Principal | Total Payment | | |
|-----------|-----------------------|----|------------------------|------------------|-----------|--|
| 2024 | \$ 205,844 | \$ | 237,083 | \$ | 442,927 | |
| 2025 | \$ 199,156 | \$ | 244,167 | | 443,323 | |
| 2026 | \$ 192,256 | \$ | 261,250 | | 453,506 | |
| 2027 | \$ 184,869 | \$ | 274,167 | | 459,036 | |
| 2028 | \$ 177,094 | \$ | 289,167 | | 466,261 | |
| 2029-2033 | \$ 754,157 | \$ | 1,623,749 | | 2,377,906 | |
| 2034-2038 | \$ 495,693 | \$ | 1,913,751 | | 2,409,444 | |
| 2039-2043 | \$ 164,656 | \$ | 1,676,250 | | 1,840,906 | |
| 2044 | \$ 1,903 | \$ | 52,500 | | 54,403 | |
| Totals | \$ 2,375,628 | \$ | 6,572,084 | \$ | 8,947,712 | |

Whenever any Event of Default has occurred and is continuing, the Lessor may, without any further demand or notice, take one or any combination of the following remedial steps:

- A. Terminate the Lease Term and give notice to the Lessee to vacate or surrender the Project within 60 days from the date of such notice;
- B. Take legal title to, and sell or re-lease the Project or any portion thereof;
- C. Declare an amount equal to all Base Rentals and Additional Rentals under this Lease to be immediately due and payable, whereupon that amount shall become immediately due and payable; or
- D. Take whatever action at law or in equity may appear necessary or desirable to enforce its rights in and to the Project under this Lease (including, without limitation, the right to possession of the Project and the right to sell or re-lease or otherwise dispose of the Project in accordance with applicable law and to appoint a receiver to operate the Project) and to recover damages for the breach thereof.

NOTE J - BONDS AND NOTE PAYABLE (Continued)

No remedy herein conferred upon or reserved to the Lessor is intended to be exclusive, and every such remedy will be cumulative and will be in addition to every other remedy given hereunder and every remedy now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any default will impair any such right or power and any such right and power may be exercised from time to time and as often as may be deemed expedient. If any agreement contained herein should be breached by either party and thereafter waived by the other party, such waiver will be limited to the particular breach so waived and will not be deemed to waive any other breach hereunder.

The Lessee will remain liable for all covenants and obligations under this Lease, and for all legal fees and other costs and expenses, including court costs awarded by a court of competent jurisdiction, incurred by the Lessor with respect to the enforcement of any of the remedies under this Lease, when a court of competent jurisdiction has finally adjudicated that an Event of Default has occurred.

Changes in Long-term Liabilities

| | Beginning Balance | | Additions | | Reductions | | Ending Balance | | Due Within One Year | |
|---|----------------------|------------------------|-----------|---|------------|--------------------|-------------------|------------------------|------------------------|--|
| Business-type Activities: | | | | | | | | | | |
| Financing Obligations Revenue Bonds | \$ | 1,409,579 6,719,584 | \$ | | \$ | 256,293 147,500 | \$ | 1,153,286 6,572,084 | \$ 260,597 237,083 | |
| Business-type Activities Long-term Liabilities | \$ | 8,129,163 | \$ | 0 | \$ | 403,793 | \$ | 7,725,370 | \$ 497,680 | |

The total interest expense incurred by the Commission during the current fiscal year was \$266,420.

NOTE K – SUBSEQUENT EVENTS

Subsequent events have been evaluated through November 14, 2023, which is the date the financial statements were available to be issued.

Independent Auditor's Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of Financial Statements Performed In Accordance With Government Auditing Standards

To the Commissioners City of Grayson Utility Commission Grayson, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of City of Grayson Utility Commission (the Commission), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements and have issued our report thereon dated November 14, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Grayson Utility Commission's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Grayson Utility Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Grayson Utility Commission's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Independent Auditor's Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of Financial Statements Performed In Accordance With Government Auditing Standards

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
