## INDEPENDENT AUDITORS' REPORT

Mayor and the City Council  
City of LaGrange, Kentucky

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of LaGrange, Kentucky, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of LaGrange, Kentucky, as of June 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension schedules on pages 3-10 and 42-49 respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of LaGrange, Kentucky's basic financial statements. The budgetary comparison other governmental funds and the combining nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The budgetary comparison other governmental funds and the combining nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison other governmental funds and the combining nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 23, 2016, on our consideration of the City of LaGrange, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of LaGrange, Kentucky's internal control over financial reporting and compliance.

### Management's Discussion and Analysis

Our discussion and analysis of the City of LaGrange's financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2015. Please read in conjunction with the auditors' report beginning on page 1 and the City's financial statements, which begin on page 11.

#### FINANCIAL HIGHLIGHTS

- The City's net position increased in the governmental activities and decreased in the business-type activities. The net position of the governmental activities increased by \$2,197,612, or 144%, and the net position of the business-type activities decreased by \$56,346, or 1%.
- In the City's governmental activities, revenues decreased approximately \$9,671,678, or 59.8 percent, and expenses decreased by \$10,489,178 or 72 percent. The large drop in revenue and expenses is the result of a bond issue in the PY. In the business-type activities, revenues decreased by \$596,754, which is a decrease of 14.9 percent, and expenses increased by \$69,376 or 1.9 percent.

#### OVERVIEW OF THIS ANNUAL REPORT

This annual report consists of the management's discussion and analysis report, the independent auditors' report, the basic financial statements of the City, and the independent auditors' report on compliance. The financial statements also include notes that explain in more detail some of the information in the financial statements.

The City's financial statements present two kinds of statements, each with a different snapshot of the City's finances. The focus is both the City as a whole (government-wide) and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the City's overall financial status. The fund financial statements focus on the individual funds of the City, reporting the City's operations in more detail than the government-wide statements. Both perspectives (government-wide and fund) allow the user to address relevant questions, broaden the basis of comparison (year to year or government to government) and enhance the City's accountability.

## **GOVERNMENT – WIDE FINANCIAL STATEMENTS**

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. One of the most important questions asked about the City's finances is "Is the City as a whole better off or worse off as a result of this year's activities?" The Statement of Net Position and the Statement of Activities report information about the City's activities in a way that will help answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the net position of the City and the changes in them. One can think of the City's net position—the difference between assets and liabilities—as one way to measure financial health or financial position. Over time, increases or decreases in the City's net position are an indicator of whether its financial health or position is improving or deteriorating. However, one will need to consider other non-financial factors such as changes in economic conditions, population growth, changes in property tax rates or valuation, infrastructure asset condition, and new or changed government legislation.

In the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

**Governmental activities**—Most of the City's basic services are reported here, including general government administration, police, streets, sanitation and parks. Property taxes, licenses and permits, and grants finance most of these activities.

**Business-type activities**—The City collects fees from customers to cover the costs of the services, which includes water and sewer and the Eagle Creek golf course.

## **FUND FINANCIAL STATEMENTS**

The City has two kinds of funds:

**Governmental Fund**—Most of the City's basic services are included in governmental funds, which focus on (1) how cash and other financial assets, that can readily be converted to cash, flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided at the bottom of the governmental funds statement that explains the relationship (or differences) between them.

**Proprietary Fund**—Services for which the City charges customers a fee are generally reported in proprietary funds.

## NET POSITION

Our analysis begins with a summary of the City's Statement of Net Position, which is presented on Table A-1 followed by an explanation of the results. Changes in net position are presented in Table A-2, which is also followed by an explanation of the results.

The City's total revenue decreased from \$20,181,151 in 2014 to \$9,912,719 in 2015 or 51 percent. On the following page is a more in-depth description of the revenues and expenses of the governmental and business-type activities.

## GOVERNMENTAL ACTIVITIES

Next, the City analyzes the governmental activities and the changes in those activities, which is presented in Table A-3.

**Table A-3**

Excess Revenues over Expenditures before other financing sources	<u>\$ 1,399,128</u>	<u>\$ (8,705,321)</u>	<u>\$ 10,104,449</u>

Revenues for the City's governmental activities increased by 11 percent, and total expenditures decreased by 185% percent. The City's major source of revenue in the governmental activities is taxes, licenses and permits, which makes up 87.31 percent of total revenues, these revenue sources increased by \$724,658 in 2015. The large decrease in expense is the result of the refunding of the OLDA debt.

## BUSINESS-TYPE ACTIVITIES

Looking at the business-type activities, revenues (FY 2015) for the City decreased to \$3,407,389 or 14.9 percent, while total expenses increased 1 percent. The excess of expenses over revenues decreased net position by \$56,346.

## BUDGET HIGHLIGHTS

The budget contains proposed expenditures and expected revenues. A comparison of the final budget to actual amounts is presented in the tables below (Tables A-4 & A-5).

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The City's elected officials consider many factors when setting the fiscal year 2016 budget. Some of the factors are the local economy, expected grant money, and anticipated tax revenue.

## **CONTACTING THE CITY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide the citizens of the City, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Ms. Stephanie Cooper, City Clerk, at 307 West Jefferson Street, LaGrange, KY 40031. The Utility Commission is located at 412 East Jefferson Street, LaGrange, KY 40031.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of LaGrange, Kentucky (the City) operates under the City Council form of government and provides the following services as authorized by its charter: public safety, public works, recreation and community development. The accounting policies of the City conform to generally accepted accounting principles applicable to governmental units. The following is a summary of the more significant accounting policies.

**A. Reporting Entity**

The financial statements of the City include the funds, account groups and entities over which the Mayor and Council exercise significant oversight responsibility. Oversight responsibility, as defined by Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, was determined on the basis of the City's ability to significantly influence operation, select the governing body, and participate in fiscal management and the scope of public service. The Council has oversight responsibility for various boards and foundations included in the accompanying financial statements. The LaGrange Public Properties Corporation and Utility Commission of the City of LaGrange, Kentucky are blended component units that are subject to the City's oversight responsibility. Separately issued financial statements of the Utility Commission can be obtained by request at 203 S. Walnut Street, LaGrange, KY, 40031 or by calling (502) 222-9325. The City is involved in a joint venture with Oldham County, Kentucky, in the Oldham-LaGrange Development Authority. See footnote 12.

**B. Blended Component Units**

Blended component units are separate entities that meet the component unit criteria described above and whose governing body is the same as, or designated by the City Council or the component unit provides services entirely to the City. These component units' funds are blended into those of the City's by appropriate activity type.

Component units that are blended into the reporting activity types of the City's report are presented below:

<b>Component Unit</b>	<b>Brief Description/Inclusion Criteria</b>	<b>Reporting</b>
City of LaGrange Public Properties Corporation	The Corporation is legally separate from the City, but it is reported as if it were part of the City, the primary government, because its sole purpose is to finance the acquisition of City real estate and buildings.	Governmental Fund
Utility Commission of the City of LaGrange, Kentucky	The Commission is operated by a five member board of commissioners which includes four City of LaGrange, Kentucky, residents appointed by the Mayor and approved by the City Council. The fifth member of the board of commissioners is a member of the City Council appointed by and from the membership of the City Council. The Commission is an agency that the City Council created to supervise, control and maintain the waterworks and sewer system for the City.	Proprietary Fund Enterprise Fund

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Basis of Presentation**

**Government-wide Financial Statements**

The government-wide financial statements include a statement of net position and the statement of activities. These statements display information about the City as a whole. The statements distinguish between governmental and business-type activities of the City. These financial statements include the financial activities of the City except for fiduciary activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely on fees and charges for support. The government-wide statement of activities reflects costs of government by function for governmental activities and business-type activities. Program revenues include charges paid by recipient for the goods or services offered by the program and grants or contributions that are restricted to the program. Revenues which are not classified as program revenues are presented as general revenues of the City.

**Fund Financial Statements**

Fund financial statements report detailed information about the City. The accounts of the City are organized on the basis of funds, each of which is considered to be a separate fiscal and accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that is comprised of its assets, liabilities, reserves, fund balance, revenues and expenditures or expenses.

Governmental funds are those through which most governmental functions are financed. The governmental fund measurement focus is the determination of financial position and budgetary control over revenues and expenditures. Proprietary fund types are used to account for operations that are financed and operated in a manner similar to business enterprises - where intent of the governing body is that costs of providing services are to be financed or recovered primarily through user charges.

The following funds are used by the City of LaGrange:

**Governmental Funds**

**General Fund** – The general operating fund of the City is used to account for all financial resources except those required to be accounted for in another fund. Most of the essential governmental services such as police and fire protection, community services and general administration are reported in this fund.

**Capital Project Fund** – The Capital Project Fund is used to account for resources restricted for the acquisition or construction of specific capital projects or items.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Presentation (continued)

Governmental Funds (continued)

**Parks Board Fund** – Accounts for the activities of the City of LaGrange Foundation, Inc., which was created as a non-profit corporation to receive donations for projects for the betterment of the City of LaGrange and Oldham County.

**Municipal Road Aid Fund** – Special revenue fund that accounts for the money received from the Commonwealth of Kentucky under the gasoline tax distribution program. Amounts received are reserved for road maintenance.

**ABC Fund** – Accounts for the receipts and expenditures related to the regulation of sales of alcoholic beverages in the City.

**Bus Fund** – Accounts for the receipts and expenditures related to the operation of the City buses.

Proprietary Funds

Proprietary funds are used to account for the ongoing organizations and activities of the City, which are similar to those found in private business enterprises. The measurement focus is upon determination of net income, financial position, and changes in cash flows.

Enterprise funds are established to account for the acquisition, operations and maintenance of the City's facilities and services which are entirely or predominantly self-supported by user charges or where the City has decided that periodic determination of revenues earned, expenses incurred, and net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The accounts are maintained on the accrual basis of accounting. The City's enterprise operations include the following:

**Utility Commission of the City of LaGrange, Kentucky** – Accounts for activities in providing water and sewer services to the residents of the City, the operations of which are financed by user charges.

**Eagle Creek Golf Course** – Accounts for activities in providing golfing facilities to the public and the management of the retail pro-shop.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**D. Basis of Accounting and Measurement Focus**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

**Government-wide Financial Statements**

The Statement of Net Position and the Statement of Activities display information about the City as a whole. The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for individual funds.

**Fund Financial Statements**

The financial transactions of the City are recorded in individual funds. Their focus is on individual funds rather than reporting funds by type. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet.

All governmental funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. A period of sixty (60) days is used for property tax revenues. Expenditures, other than interest on long-term debt, are recorded when the liability is incurred.

Proprietary funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and expenses are recognized when they are incurred.

Operating revenues include charges for service and other income, operating expenses include direct costs and depreciation. All other revenues or expenses are treated as non-operating.

Permits, fines and forfeits, and miscellaneous revenues (except for investment earnings) are recorded as revenues when received because they are generally not measurable until actually received. Investment earnings are recorded when earned since they are measurable and available in all funds.

**E. Cash and Cash Equivalents**

For purposes of reporting cash flows, cash and cash equivalents consist of cash on hand, cash on deposit with banks, and certificates of deposit with an original maturity of less than three months (including amounts held in restricted assets accounts).

**F. Investments**

Investments are reported at fair value. Investments of the City consist of certificates of deposits with an original maturity of three months or greater.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**G. Interfund Receivables and Payables**

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

**H. Supplies Inventory**

Inventories in the proprietary funds consist of expendable supplies that are stated on a first-in, first-out method. They are reported at cost which is recorded as an expenditure at the time individual inventory items are used. Inventories of the special revenue funds are recorded as expenditures when purchased rather than when consumed.

**I. Accounts Receivable**

Governmental activities accounts receivable consists of property taxes, compensation taxes, occupational license fees, insurance premium taxes, franchise fees, ABC fees, bus fees, service revenues and grant funds which are disbursed on an expenditure-reimbursement plan.

Business-type activities extend credit to substantially all of their customers.

Accounts receivable are stated at face amount, less an allowance for doubtful accounts of \$77,163 in the general fund and \$7,498 in the proprietary funds, which approximates fair market value.

The City maintains allowances for doubtful accounts based on evaluation by management and percentages applied to the various aging periods of accounts receivable. Specific accounts deemed uncollectible are charged to the allowance upon evaluation by management. Evaluation factors include familiarity with the customer, credit history and the age of the unpaid bill. Property taxes not collected within sixty (60) days of year end are fully reserved.

**J. Capital Assets and Depreciation**

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of one thousand dollars. Improvements are capitalized. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**J. Capital Assets and Depreciation (continued)**

Transfers of capital assets between funds are recorded at the net book value of the transferred asset at the time of transfer.

All reported capital assets are depreciated with the exception of land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets.

Depreciation is computed using the straight-line method over the following useful lives for both general capital assets and proprietary fund assets:

Description	Years
Utility plant and distribution system	20-50
Buildings and improvements	10-40
Land improvements	10-40
Infrastructure	10-25
Machinery and equipment	3-15

**K. Unearned Revenue**

Unearned revenue represents grant revenues received but unearned. Revenues are recognized when eligible expenditures are incurred.

**L. Compensated Absences**

Accrued vacation pay vests as of January 1 and must be used by December 31 of each year. Unused vacation pay is payable upon termination of employment. The liability for these compensated absences is recorded as a current liability.

**M. Long-Term Debt and Bond Issuance Costs**

In the government-wide and proprietary financial statements, outstanding debt is reported as current and long-term liabilities. In accordance with GASB 65, bond issuance costs are expensed in the period incurred.

In the fund financial statements, governmental fund types recognize the proceeds of debt and premiums as other financing sources of the current period. Issuance costs are reported as expenditures.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**N. Fund Balances**

In fund financial statements, the difference between the assets and liabilities of governmental funds is reported as fund balance. Fund balance is divided into nonspendable and spendable components, if applicable. The City further breaks down both nonspendable and spendable components into the following components:

Nonspendable – amounts that must be maintained intact legally or contractually.

Restricted – amounts constrained for a specific purpose by external parties, constitutional provisions or enabling legislation.

Committed – amounts that can be used only for specific purposes determined by a formal action of the City. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Council.

Assigned – for all governmental funds, other than the general fund, any remaining positive amounts not classified as nonspendable, restricted or committed. For the general fund, amounts constrained, by intent, to be used for a specific purpose by the City or the elected City official given authority to assign amounts.

Unassigned – for the general fund, amounts not classified as nonspendable, restricted, committed or assigned. For all other government funds, amounts expended in excess of resources that are nonspendable, restricted, committed or assigned.

For resources considered to be assigned, the City has designated the Mayor to carry the intent of the City Council.

It is the policy of the City to spend restricted funds first when both restricted and unrestricted funds are available. Once restricted funds are spent, the City will use committed funds first, assigned funds second and unassigned funds last.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the City.

**O. Budgeting**

The City follows the procedures established pursuant to Section 91A.030 of the Kentucky Revised Statutes in establishing the budgetary data reflected in the financial statements. Budgets for all funds are adopted on a basis consistent with generally accepted accounting principles.

Budgeted amounts in the financial statements are as adopted by ordinance of the City.

The City under budgeted expenditures in the general government, sanitation, and public properties by \$24,101, \$13,567, and \$5,585 respectively.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**P. Other Accounting Policies**

Interfund transactions are reflected as transfers. Transfers occur for various reasons related to the day to day operations of the funds and are reported as receivables and payables as appropriate and are subject to elimination upon consolidation and are referred to as either "due to/from other fund" in the fund financial statements. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances".

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Q. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County Employees' Retirement System (CERS) and additions to/deductions from CERS' fiduciary net position have been determined on the same basis as they are reported by CERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

**R. Management's Review of Subsequent Events**

The City has evaluated and considered the need to recognize or disclose subsequent events through May 23, 2016 which represents the date these financial statements were available to be issued. Subsequent events past this date, as they pertain to the fiscal year ended June 30, 2015, have not been evaluated by the City.

**Kentucky Bond Corporation Financing Program Revenue Bonds 2014 First Series C**

On June 30, 2014, the City issued \$10,295,000 of general obligation revenue bonds through a pooled financing transaction with the Kentucky Bond Corporation to refinance obligations previously reported on the financial statements of the Oldham-LaGrange Development Authority. The proceeds were used to refund previously issued 2012 Series A General Obligation Lease Revenue Refunding Bonds and advance refund 2005 Series D General Obligation Revenue Notes. The new issue will increase debt service payments by \$71,000 and has a net economic gain of \$660,444. The 2012 Series A General Obligation Lease Revenue Refunding Bonds were redeemed in July 2014. The 2005 Series D General Obligation Revenue Notes were redeemed with funds that had been placed in escrow, on June 1, 2015. Payments on the 2014 First Series C bonds are scheduled to be paid over a period of ten years. The bonds have a net interest cost of 2.44% over the repayment term.

The minimum obligations of the above bonds at June 30, 2015, are as follows:

Bonds Payable – City of LaGrange General Obligation Bonds of 2010

The City issued bonds dated March 1, 2010 in the amount of \$1,730,000. These bonds were used to pay off a previous bond issue from 2000. The bonds mature annually from March 1, 2010 to March 1, 2020, in various amounts from \$100,000 to \$210,000. Interest at 2-3.5% per annum is payable September 1 and March 1. Bonds maturing after March 1, 2011 are subject to early redemption provisions.

The bonds are payable from, and secured by, a pledge of gross revenues derived from the operation of the golf course. If the revenues from the golf course are not sufficient to cover the annual debt service, the City has agreed to levy and collect, each year that the bonds are outsourcing, a bond tax in an amount sufficient to provide for the full payment of the principal and interest of the bonds.

The minimum obligations of the above bonds at June 30, 2015, are as follows:

**7. RETIREMENT PLAN**

**CERS**

The City of LaGrange is a participating employer of the County Employees' Retirement System (CERS). Under the provisions of Kentucky Revised Statute 61.645, the Board of Trustees of Kentucky Retirement Systems administers the CERS. The plan issues publicly available financial statements which may be downloaded from the Kentucky Retirement Systems website.

*Plan Description* – CERS is a cost-sharing multiple-employer defined benefit pension plan that covers substantially all regular full-time members employed in positions of each participating county, city, and school board, and any additional eligible local agencies electing to participate in the System. The plan provides for retirement, disability, and death benefits to plan members. Retirement benefits may be extended to beneficiaries of plan members under certain circumstances. Cost-of-living (COLA) adjustments are provided at the discretion of state legislature.

*Contributions* – For the year ended June 30, 2015, plan members were required to contribute 5% of wages for non-hazardous job classifications and 8% of wages for hazardous job classifications. Employees hired after September 1, 2008 are required to contribute an additional 1% to cover the cost of medical insurance that is provided through CERS. Participating employers were required to contribute at an actuarially determined rate. Per Kentucky Revised Statute Section 78.545(33), normal contribution and past service contribution rates shall be determined by the Board on the basis of an annual valuation last proceeding the July 1 of a new biennium. The Board may amend contribution rates as of the first day of July of the second year of a biennium, if it is determined on the basis of a subsequent actuarial valuation that amended contribution rates are necessary to satisfy requirements determined in accordance with actuarial basis adopted by the Board. For the year ended June 30, 2015, participating employers contributed 17.67% of each employee's wages for non-hazardous job classifications and 34.31% of each employee's wages for hazardous job classifications. The contribution rates are equal to the actuarially determined rate set by the Board. Administrative costs of Kentucky Retirement System are financed through employer contributions and investment earnings.

Plan members who began participating on, or after, January 1, 2014, were required to contribute to the Cash Balance Plan. The Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan. Members in the plan contribute a set percentage of their salary each month to their own account. Plan members contribute 5% of wages to their own account for non-hazardous job classifications and 8% of wages to their own account for hazardous classifications. Plan members also contribute 1% to the health insurance fund. The employer contribution rate is set annually by the Board based on an actuarial valuation. The employer contributes a set percentage of each member's salary. Each month, when employer contributions are received, an employer pay credit is deposited to the member's account. Each member's account is credited with a 4% employer pay credit for non-hazardous members, and a 7.5% pay credit for hazardous members. The employer pay credit represents a portion of the employer contribution.

For the year ended June 30, 2015, the City contributed \$162,574, or 100% of the required contribution for non-hazardous job classifications, and \$235,970, for the year ended June 30, 2015, or 100% of the required contribution for hazardous job classifications.

*Pension Liabilities, Expense, Deferred Outflows of Resources and Deferred Inflows of Resources* – At June 30, 2015, the City reported a liability for its proportionate share of the net pension liability as follows:

<b>Total Net</b>			
<b>Pension Liability</b>	<b>Non-hazardous</b>	<b>Hazardous</b>	
<u>\$ 2,921,865</u>	<u>\$ 1,284,599</u>	<u>\$ 1,637,266</u>	

**CITY OF LAGRANGE, KENTUCKY**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

---

**7. RETIREMENT PLAN (CONTINUED)**

The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. The City's proportionate share at June 30, 2014 was as follows:

<b>Non-hazardous</b>	<b>Hazardous</b>
.02%	.14%

The proportionate share at June 30, 2014 was equal to the proportionate share as of June 30, 2013. For the year ended June 30, 2015, the City recognized pension expense of \$169,000. At June 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual results	\$ -	\$ -
Changes of assumptions	-	-
Net difference between projected and actual earnings on Plan investments	-	244,000
Changes in proportion and differences between City contributions and proportionate share of contributions	-	-
City contributions subsequent to the measurement date	<u>259,879</u>	-
<b>Total</b>	<u><b>\$ 259,879</b></u>	<u><b>\$ 244,000</b></u>

The \$259,879 of deferred outflows of resources resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

<b>Year ending June 30,</b>	
2016	\$ (61,000)

**7. RETIREMENT PLAN (CONTINUED)**

*Actuarial Assumptions* – The total pension liability in the June 30, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

**Non-hazardous**

Inflation	3.50%
Salary increases	4.50%, average, including inflation
Investment rate of return	7.75%, net of Plan investment expense, including inflation

**Hazardous**

Inflation	3.50%
Salary increases	4.50%, average, including inflation
Investment rate of return	7.75%, net of Plan investment expense, including inflation

Mortality rates were based on the 1983 Group Annuity Mortality Table for all retired members and beneficiaries as of June 30, 2006, and the 1994 Group Annuity Mortality Table for all other members.

The actuarial assumptions used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the period January 1, 2005-June 30, 2008.

The long-term expected return on plan assets is reviewed as part of the regular experience studies prepared every five years. Several factors are considered in evaluating the long-term rate of return assumptions including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer time frame. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

**CITY OF LAGRANGE, KENTUCKY**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**7. RETIREMENT PLAN (CONTINUED)**

The target allocation and best estimates of nominal real rates of return for each major asset class are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-term Nominal Real Rate of Return</b>
Domestic Equity	30%	8.45%
International Equity	22%	8.85%
Emerging Market Equity	5%	10.50%
Private Equity	7%	11.25%
Real Estate	5%	7.00%
Core US Fixed Income	10%	5.25%
High Yield US Fixed Income	5%	7.25%
Non US Fixed Income	5%	5.50%
Commodities	5%	7.75%
TIPS	5%	5.00%
Cash	1%	3.25%
Total	100%	

*Discount Rate* – The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that local employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 29 year amortization period of the unfunded actuarial accrued liability. The actuarial determined contribution rate is adjusted to reflect the phase in of anticipated gains on actuarial value of assets over the first four years of the projection period. The discount rate does not use a municipal bond rate.

*Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate* – The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.75 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 percent) than the current rate:

	<b>Non-hazardous</b>		<b>Hazardous</b>	
	<b>Discount rate</b>	<b>City's proportionate share of net pension liability</b>	<b>Discount rate</b>	<b>City's proportionate share of net pension liability</b>
1% decrease	6.75%	\$ 1,690,630	6.75%	\$ 2,141,806
Current discount rate	7.75%	\$ 1,284,599	7.75%	\$ 1,637,266
1% increase	8.75%	\$ 926,124	8.75%	\$ 1,208,873

*Payable to the Pension Plan* – At June 30, 2015, the City reported a payable of \$7,992 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2015. The payable includes both the pension and insurance contribution allocation.

**8. OPERATING LEASE**

On January 7, 2013, the golf course entered into an operating lease with PNC Equipment Finance, LLC to lease 58 golf carts. The lease terms call for 24 payments of \$8,526. The payments are made six months at a time from May through October. The future lease obligations at June 30, 2015, are as follows:

Fiscal Year	
2016	\$ 51,156
2017	<u>34,104</u>
Total	<u>\$ 85,260</u>

Operating lease expense for the year ended June 30, 2015, totaled \$ 51,156.

**9. PROPERTY TAX CALENDAR**

Property taxes for fiscal year 2015 were levied in September 2014 on the assessed property located in the City as of the preceding January 1. The assessments are determined by the County Property Valuation Administrator in accordance with Kentucky Revised Statutes. The due date collection periods for all taxes exclusive of vehicle taxes are as follows:

Description	Due Date
1. Due date for payment	Upon receipt
2. Discount of 2%	November 15
3. Face value payment period	December 15
4. 10% penalty delinquent date	December 16

These taxes are collected by the City Clerk. Vehicle taxes are collected by the County Clerk of Oldham County and are due and collected in the birth month of the licensee.

**10. ECONOMIC DEPENDENCE**

The Commission purchases water at wholesale from the Oldham County Water District, which in turn is sold to the Commission's customers. The Commission purchased water at a rate of \$1.70 per 1,000 gallons during 2015.

**11. RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In addition to its general liability insurance, the city also carries commercial insurance for all other risks of loss such as worker's compensation and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

**12. INVESTMENT IN JOINT VENTURE – OLDHAM-LAGRANGE DEVELOPMENT AUTHORITY**

Oldham-LaGrange Development Authority (OLDA) was formed as a non-profit, non-stock corporation as provided by the Local Industrial Development Authority Act under KRS 154.50. The City of LaGrange, Kentucky and the County of Oldham, Kentucky formed the Development Authority under an interlocal Cooperation Agreement. The purpose of the Development Authority is to promote economic development and create jobs within the boundaries of the City and County by financing through the Government Authority the acquisition and development of property.

The City of LaGrange issued General Obligation Lease Revenue Notes, 2005 Series A, 2005 Series B, 2005 Series C, and 2005 Series D dated July 1, 2005 for \$10,000,000 for the purchase of land and infrastructure improvements thereto, by way of the Development Authority. The proceeds were turned over to the Oldham-LaGrange Development Authority. The Lease Revenue Notes are to be paid with the proceeds from the sale and use of property managed by the Development Authority.

On December 1, 2008, OLDA, through the City of LaGrange, issued \$5,215,000 of general obligation lease revenue refunding bonds. The bonds were issued to (1) purchase an escrow scheduled to mature at such times and in such amounts as are necessary and will be adequate, with investment or reinvestment thereof, to meet the currently scheduled interest requirements of the 2005 Series C bonds and (2) pay or refund in advance of maturity, the remaining principal, accrued interest and premium of the City of LaGrange bonds, Series of 2005 A and B, dated August 3, 2005 and (3) pay the bond issuance expenses.

On January 21, 2010, the Oldham-LaGrange Development authority through the City of LaGrange, issued \$7,555,000 of general obligation lease revenue refunding bonds. The bonds were issued to (1) purchase an escrow scheduled to mature at such times and in such amounts as are necessary and will be adequate, with investment or reinvestment thereof, to meet the currently scheduled interest requirements of the 2010 series bonds and (2) pay or refund in advance of maturity, the remaining principal, accrued interest and premium of the City of LaGrange bonds, Series of 2005 C, dated August 3, 2005 and Series 2008 bonds dated December 1, 2008 and (3) pay the bond issuance expenses.

On May 25, 2012, OLDA, through the City, issued \$8,100,000 of 2012 Series A general obligation lease revenue refunding bonds to replace the City 2010 Series A general obligation lease refunding bonds. The bonds were issued to (1) purchase an escrow scheduled to mature at such times and in such amounts as are necessary and will be adequate, with investment or reinvestment thereof, to meet the currently scheduled interest requirements of the 2012 Series bonds and (2) pay or refund in advance of maturity, the remaining principal, accrued interest, and premium of the City 2010 Series A general obligation lease revenue refunding and (3) pay the bond issuance expenses.

On June 30, 2014, the City issued \$10,925,000 of 2014 First Series C general obligation revenue bonds to redeem both the 2012 Series A general obligation lease revenue refunding bonds and the 2005 Series D general obligation lease revenue notes. The 2012 Series A General Obligation Lease Revenue Refunding Bonds were redeemed in July 2014. The 2005 Series D General Obligation Revenue Notes were redeemed with funds placed in escrow on June 1, 2015. The 2014 First Series C bonds will be reported on the financial statements as a liability of the City and are scheduled to be paid by the City over a period of ten years. See footnote 5 for additional information regarding the 2014 First Series C General Obligation Revenue Bonds.

Oldham-LaGrange Development Authority issues separate financial statements available through its administrative office at 412 East Main Street, LaGrange, KY 40031 or by telephone at (502) 225-6420. Summarized totals for the Development Authority for the year ended June 30, 2015, are as follows:

**15. RESTATEMENT OF NET POSITION**

Implementation of new accounting standard GASB Statement No. 68

During 2015 the City implemented GASB Statement No. 68, Accounting and Financial Reporting for Pensions, which addresses financial reporting for state and local government employers whose employees are provided with pensions through pension plans that are covered under Statement No. 67, Financial Reporting for Pension Plans.

The guidance contained in Statement 68 changed how governments calculate and report the costs and obligations associated with pensions. Under the new standards GASB requires that cost-sharing governments report a net pension liability, pension expense, and pension related deferred inflows and outflows of resources based on their proportionate share of the collective amounts for all the governments in the plan. In addition, GASB requires Statement 68 to be applied retroactively, which along with restatements of cash, accounts receivable, capital assets, long-term debt, and bond-issue costs has resulted in a restatement of beginning net position as follows:

Governmental Activities

Net position, at beginning of year	\$ 3,885,640
Bond issue costs (OLDA)	(17,907)
Beginning net pension liability	<u>(2,344,907)</u>
 Net position, at beginning of year, as restated	 \$ <u>1,522,826</u>

Business-Type Activities

Net position, at beginning of year	\$ 16,073,397
Beginning account receivable (Water & Sewer)	24,444
Beginning capital assets (Water & Sewer)	30,945
Beginning long-term debt (Water & Sewer)	28,667
Deposits payable (Water & Sewer)	15,614
Sinking fund (Water & Sewer)	147,804
Bond premium (Water & Sewer)	(193,315)
Beginning net pension liability (Water & Sewer)	<u>(651,958)</u>
 Net position, at beginning of year, as restated	 \$ <u>15,475,598</u>

Bond issue costs - The beginning net position has been restated in accordance with GASB Statement No. 65 for bond issue costs related to the City's joint venture with the Oldham-LaGrange Development Authority (OLDA).

Accounts receivable - The beginning net position has been restated to correct an under accrual of the prior year unbilled receivable.

Capital assets - The beginning net position has been restated to correct prior year errors in accounting for capital assets.

Long-term debt - The beginning net position has been restated to correct an overstatement of long-term debt in the prior year.

**15. RESTATEMENT OF NET POSITION (CONTINUED)**

Deposits payable - The beginning net position has been restated to correct an overstatement of deposits payable in the prior year.

Sinking Fund - The beginning net position has been restated to record the balance in the sinking fund related to the Kentucky Rural Water Finance Corporation Public Projects Revenue Bonds Series 2012 F. The balance in the sinking fund was not recorded on the books in the prior year.

Bond Premium - The beginning net position has been restated to record the premium on the Kentucky Rural Water Finance Corporation Public Projects Revenue Bonds Series 2012 F. The bond premium was not recorded on the books in the prior year.

**16. SUBSEQUENT EVENTS**

Kentucky Bond Corporation Financing Program Revenue Bonds Series 2015B

On December 2, 2015 the City issued \$795,000 of general obligation revenue bonds through a pooled financing transaction with the Kentucky Bond Corporation. The proceeds were used to refund the lease agreement entered into on March 22, 2006 with the Kentucky Area Development Districts Financing Trusts. Payments on the Series 2015B revenue bonds are scheduled to be paid over a period of 13 years, with monthly principal and interest payments which began in February 2016. The new debt issue will decrease debt service payments by \$266,368 and has a net economic gain of \$222,921. The bonds have a net interest cost of 2.89% over the repayment term.

LaGrange Utilities Commission

On January 25, 2015, authorized representatives of the Energy and Environment Cabinet identified multiple violations of KRS Chapter 224. As of the date of this report the Commission was currently in the process of having their written plan for Corrective Actions approved. The costs that will be incurred related to the necessary corrective actions are expected to exceed \$3,000,000.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Mayor and City Council  
City of LaGrange, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of LaGrange, Kentucky, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City of LaGrange, Kentucky's basic financial statements and have issued our report thereon dated May 23, 2016.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of LaGrange, Kentucky's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of LaGrange, Kentucky's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of LaGrange, Kentucky's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified a deficiency in internal control that we consider to be a material weakness and we identified a deficiency that we consider to be a significant deficiency.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency (2015-001) described in the accompanying schedule of findings and responses to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency (2015-002) described in the accompany schedule of findings and responses to be a significant deficiency.

**CITY OF LAGRANGE, KENTUCKY**  
**SCHEDULE OF FINDINGS AND RESPONSES**  
**June 30, 2015**

---

**2015-001**

Criteria: The City is required to have internal controls in place that enable it to apply generally accepted accounting principles to its transactions. Specifically, this includes interfund transactions, payments-on-behalf of the City, accounting for property taxes and year-end accrual transactions.

Cause: The City executes basic and routine transactions throughout the year, however, the City does not apply generally accepted accounting principles to certain non-routine transactions recorded during the year and in making its year-end accruals.

Effect: Management relied on the auditor's year-end adjustments to bring the City's accounting records into compliance with generally accepted accounting principles. Management reviewed, approved and accepted responsibility for the adjusting journal entries prior to the issuance of the financial statements.

Recommendation: We recommend management review the costs and benefits involved to retain a consultant with the required expertise to advise the City during the year concerning non-routine transactions and to assist the City with its year-end close so that the City's accounting records will be in compliance with generally accepted accounting principles.

Management's Response: This is an ongoing finding. Management has determined that it is more cost effective to continue to rely on the auditor's adjustments to bring the City's accounting records into compliance with generally accepted accounting principles.

**2015-002**

Criteria: The City is required to have internal controls in place that enable it to prepare complete financial statements, including note disclosures, in compliance with generally accepted accounting principles.

Cause: The City lacks personnel with the expertise to apply generally accepted accounting principles in preparing its financial statements including note disclosures and thus, does not have the internal control procedures required to draft the financial statements in conformity with generally accepted accounting principles.

Effect: Management engaged the auditor to prepare draft financial statements, including the related notes to the financial statements. Management reviewed, approved and accepted responsibility for the financial statements prior to their issuance.

Recommendation: We recommend management review the costs and benefits involved to retain a consultant with the required expertise to prepare the financial statements or review the financial statements as prepared by the auditor for compliance with generally accepted accounting principles.

Management's Response: This is an ongoing finding. Management has determined that it is more cost effective to continue to engage the auditor to draft the financial statements and related notes.

**2015-003**

Criteria: Per Kentucky Revised Statutes the City is required to have all deposits in excess of FDIC coverage collateralized.

Cause: City personnel did not inquire or verify with each bank that the City held deposits, that as of June 30, 2015 the City's deposits were either covered by FDIC coverage or collateralized.

Effect: As of June 30, 2015, the City had deposits in excess of \$1.8 million that were not covered by either FDIC coverage or collateralized.

Recommendation: We recommend the City periodically evaluate their current balances and require the banks for which the City has deposits, to provide adequate collateral to secure the deposits that are in excess of FDIC coverage.

Management's Response: Going forward the City will check on a quarterly basis whether all of the City's deposits are either covered by FDIC coverage or collateralized.
