AUDITOR OF PUBLIC ACCOUNTS

To the People of Kentucky
Honorable Steven L. Beshear, Governor

Finance and Administration Cabinet
Honorable Ronnie DeBord, Owsley County Judge/Executive
Members of the Owsley County Fiscal Court

Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Owsley County, Kentucky, as of and for the year ended June 30, 2011, which collectively comprise the County's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Owsley County Fiscal Court. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for Fiscal Court Audits issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note 1, Owsley County, Kentucky, prepares its financial statements in accordance with the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Owsley County, Kentucky, as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with the basis of accounting described in Note 1.

The county has implemented Governmental Accounting Standards Board Statement 54 as it relates to the modified cash basis of accounting as described in Note 1, which has altered the format and content of the basic financial statements.

To the People of Kentucky
Honorable Steven L. Beshear, Governor
Lori H. Flanery, Secretary
Finance and Administration Cabinet
Honorable Ronnie DeBord, Owsley County Judge/Executive
Members of the Owsley County Fiscal Court

The county has not presented the management's discussion and analysis that the Governmental Accounting Standards Board (GASB) has determined is necessary to supplement, although not required to be part of, the basic financial statements. The budgetary comparison information is not a required part of the basic financial statements but is supplementary information required by GASB. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the budgetary comparison information. However, we did not audit it and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Owsley County, Kentucky's basic financial statements. The accompanying supplementary information, combining fund financial statements, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The combining fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated June 28, 2012 on our consideration of Owsley County, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Based on the results of our audit, we present the accompanying comment and recommendation, included herein, which discusses the following report comment:

2011-01 The County Did Not Maintain A Complete And Accurate List Of Capital Assets

Respectfully submitted,

Adam H. Edelen

OWSLEY COUNTY
NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 1. Summary of Significant Accounting Policies

A. Basis of Presentation

The county presents its government-wide and fund financial statements in accordance with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, assets, liabilities, and related revenues and expenditures are recorded when they result from cash transactions, with a few exceptions. This modified cash basis recognizes revenues when received and expenditures when paid. Notes receivable are recognized on the Statement of Net Assets, but notes receivable are not included and recognized on Balance Sheet - Governmental Funds. Property tax receivables, accounts payable, compensated absences, and donated assets are not reflected in the financial statements.

The State Local Finance Officer does not require the county to report capital assets and infrastructure; however the value of these assets is included in the Statement of Net Assets and the corresponding depreciation expense is included on the Statement of Activities.

B. Reporting Entity

The financial statements of Owsley County include the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14 and GASB 39, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Based upon the application of the criteria stated in GASB 14 and GASB 39, there are no component units which merit consideration as part of the reporting entity.

C. Owsley County Elected Officials

Kentucky law provides for election of the officials below from the geographic area constituting Owsley County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices. These financial statements are not required to be included in the financial statements of Owsley County, Kentucky.

NOTES TO FINANCIAL STATEMENTS

Note 1. Summary of Significant Accounting Policies (Continued)

D. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activities has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net assets presents the reporting entity's non-fiduciary assets and liabilities, the difference between the two being reported as net assets. Net assets are reported in three categories: 1) invested in capital assets, net of related debt - consisting of capital assets, net of accumulated depreciation and reduced by outstanding balances for debt related to the acquisition, construction, or improvement of those assets; 2) restricted net assets - resulting from constraints placed on net assets by creditors, grantors, contributors, and other external parties, including those constraints imposed by law through constitutional provisions or enabling legislation; and 3) unrestricted net assets - those assets that do not meet the definition of restricted net assets or invested in capital assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; 2) operating grants and contributions; and 3) capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Internally dedicated resources such as taxes and unrestricted state funds are reported as general revenues.

Generally and except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) November 1, due at discount November 30, due at face value December 31, delinquent January 1 following the assessment, and subject to sale ninety days following April 15.

Funds are characterized as either major or non-major. Major funds are those whose assets, liabilities, revenues, or expenditures/expenses are at least ten percent of the corresponding total (assets, liabilities, etc.) for all funds since there is only one fund type (governmental) for Owsley County. The fiscal court may also designate any fund as major. Major individual governmental funds are reported as separate columns in the financial statements.

Governmental Funds

The primary government reports the following major governmental funds:

General Fund - This is the primary operating fund of the fiscal court. It accounts for all financial resources of the general government, except where the Department for Local Government requires a separate fund or where management requires that a separate fund be used for some function.

Road Fund - This fund is for road and bridge construction and repair. The primary source of revenue for this fund is state payments for truck license distribution, municipal road aid, and transportation grants. The Department for Local Government requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

NOTES TO FINANCIAL STATEMENTS

(Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

D. Government-wide and Fund Financial Statements (Continued)

Governmental Funds (Continued)

Local Government Economic Assistance Fund - These funds may be spent for public safety, environmental protection, public transportation, health, recreation, libraries, social services, industrial and economic development, and vocational education. These funds are specifically prohibited from being used for administration of the government. The Department for Local Government requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

The primary government also has the following non-major funds: Local Government Economic Development Fund and Community Development Block Grant Fund.

Special Revenue Funds:

The Road Fund, Local Government Economic Assistance Fund, Local Government Economic Development Fund, and Community Development Block Grant Fund. Special revenue funds are to account for the proceeds of significant restricted and/or committed revenue sources and expenditures that are legally restricted or committed for specific purposes.

E. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

KRS 66.480 authorizes the county to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

F. Capital Assets

Capital assets, which include land, land improvements, buildings, furniture and office equipment, building improvements, machinery, equipment, and infrastructure assets (roads and bridges) that have a useful life of more than one reporting period based on the government's capitalization policy, are reported in the applicable governmental or business-type activities of the government-wide financial statements. Such assets are recorded at historical cost or estimated historical cost when purchased or constructed.

Cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Land and Construction In Progress are not depreciated. Interest incurred during construction is not capitalized. Capital assets and infrastructure are depreciated using the straight-line method of depreciation over the estimated useful life of the asset.

Machinery and Equipment	\$ 5,000	3-25
Vehicles	\$ 5,000	3-25
Infrastructure	\$ 20,000	10-50

G. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long term debt and other long-term obligations are reported as liabilities in the applicable financial statements. The principal amount of bonds, notes and financing obligations are reported.

In the fund financial statements, governmental fund types recognize bond interest, as well as bond issuance costs when received or when paid, during the current period. The principal amount of the debt and interest are reported as expenditures. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures. Debt proceeds are reported as other financing sources.

H. Fund Equity

In the fund financial statements, the difference between the assets and liabilities of governmental funds is reported as fund balance. Fund balance is divided into non-spendable and spendable components, if applicable.

Non-spendable includes amounts that must be maintained intact legally or contractually.

Spendable include the following:

- Restricted-amounts constrained for a specific purpose by external parties, constitutional provisions, or enabling legislation.
- Committed-amounts constrained for a specific purpose by the county using its highest level of decision making authority.
- Assigned-for all governmental funds, other than general fund, any remaining positive amounts not classified as non-spendable, restricted, or committed. For the general fund, amounts constrained by intent to be used for a specified purpose by the County or the delegated county committee or official given authority to assign amounts.
- Unassigned-for the general fund, amounts not classified as non-spendable, restricted, committed or assigned. For all other governmental funds, amount expended in excess of resources that are non-spendable, restricted, committed or assigned.

OWSLEY COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2011
(Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

H. Fund Equity (Continued)

For resources considered committed, the county issues an ordinance or resolution that can only be changed with another corresponding ordinance or resolution.

For resources considered assigned, the county has designated the County Treasurer to carry out the intent of the fiscal court.

It is the policy of the County to spend restricted resources first, when both restricted and unrestricted resources are available to spend on the activity. Once restricted resources are exhausted, then committed, assigned and unassigned resources will be spent in that order on the activity.

Encumbrances, although not reported on the balance sheet, are purchase orders that will be fulfilled in a subsequent fiscal period. Although the purchase order or contract creates a legal commitment, the fiscal court incurs no liability until performance has occurred on the part of the party with whom the fiscal court has entered into the arrangement. When a government intends to honor outstanding commitments in subsequent periods, such amounts are encumbered. Due to the modified cash basis of accounting, encumbrances can also include invoices for goods or services received at June 30, but not yet paid and not included as an accounts payable. Significant encumbrances at year end are reported by major funds and non-major funds in the aggregate and included with the commitments and contingencies note disclosure, if applicable.

I. Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

J. Joint Venture

A legal entity or other organization that results from a contractual agreement and that is owned, operated, or governed by two or more participants as a separate activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility is a joint venture. Based upon these criteria, Three Forks Regional Jail is considered a joint venture of the Owsley County Fiscal Court.

On October 6, 2000, the Counties of Lee, Owsley, and Wolfe (the participating counties) entered into an Interlocal Cooperation Agreement in order to provide for joint and cooperative action in the acquisition, construction, installation, maintenance and financing of the Three Forks Regional Jail. Pursuant to this interlocal agreement, Lee County (the lead county) established the Three Forks Public Properties Corporation, a legally separate organization, to act as an agency and instrumentality of the participating counties in financing the acquisition and construction of the Three Forks Regional Jail. On December 1, 2000, the corporation issued \$6,295,000 of first mortgage revenue bonds. On December 1, 2000, the three participating counties established the Three Forks Regional Jail Authority pursuant to the provisions of KRS 441.800 and KRS 441.810 to act as the constituted authority of the participating counties in the acquisition, construction, equipping and operation of the Three Forks Regional Jail.

NOTES TO FINANCIAL STATEMENTS

(Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

J. Joint Venture (Continued)

The only source of funds expected by the Three Forks Public Properties Corporation to meet the debt service requirements of the bonds are the rental payments from the participating counties, as stipulated in the lease and sublease agreements dated October 1, 2000. Pursuant to the lease and sublease, each participating county covenants to meet its proportionate share of the debt service requirements of the bonds as follows (the “proportionate share” or “use allowance”): 40% for Lee County, 22% for Owsley County and 38% for Wolfe County.

By execution of the lease and subleases, each county is obligated for the amount of its proportionate share, plus any operating cost allowance required under the lease and subleases. Each county is liable solely for its own proportionate share of total annual debt service for the bonds and no one county is liable for another county’s debt. Payment of the annual debt service for the bonds is dependent upon each participating county paying its respective amount of its use allowance as rent under the lease or sublease, as the case may be, in full. Each county has agreed in its lease and sublease agreements that in the event a county cannot pay its indebtedness, an Ad Valorem Tax will be levied in that county for an amount sufficient to provide full payment of the county’s rentals due for that year.

The Three Forks Regional Jail Authority and the Three Fork’s Public Properties Corporation are comprised of an eight (8) member board of directors. Lee County appoints three of the eight members. Wolfe and Owsley counties appoint two members each. In addition, the Lee County jailer is a required member of the board.

A copy of the Three Forks Regional Jail Authority’s most recent audit report may be obtained at Three Forks Regional Jail 2475 Center Street, Beattyville, Kentucky 41311.

Note 2. Deposits

The primary government maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC) as required by KRS 66.480(1)(d). According to KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the county and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. These requirements were met.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the government’s deposits may not be returned. The government does not have a deposit policy for custodial credit risk, but rather follows the requirements of KRS 41.240(4). As of June 30, 2011, all deposits were covered by FDIC insurance or a properly executed collateral security agreement.

Note 5. Employee Retirement System

The fiscal court has elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a cost sharing, multiple employer defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability and death benefits to plan members. Benefit contributions and provisions are established by statute.

Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. Nonhazardous covered employees who begin participation on or after September 1, 2008 are required to contribute 6 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 16.93 percent.

The county's contribution for FY 2009 was \$94,042, FY 2010 was \$115,882, and FY 2011 was \$125,413.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Nonhazardous employees who begin participation on or after September 1, 2008 must meet the rule of 87 (members age plus years of service credit must equal 87, and the member must be a minimum of 57 years of age) or the member is age 65, with a minimum of 60 months service credit.

OWSLEY COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2011
(Continued)

Note 5. Employee Retirement System (Continued)

CERS also provides post retirement health care coverage as follows:

For members participating prior to July 1, 2003, years of service and respective percentages of the maximum contribution are as follows:

Years of Service	% paid by Insurance Fund	% Paid by Member through Payroll Deduction
20 or more	100%	0%
15-19	75%	25%
10-14	50%	50%
4-9	25%	75%
Less than 4	0%	100%

As a result of House Bill 290 (2004 General Assembly), medical insurance benefits are calculated differently for members who began participation on or after July 1, 2003. Once members reach a minimum vesting period of ten years, non-hazardous employees whose participation began on or after July 1, 2003, earn ten dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually based on the retiree cost of living adjustment, which is updated annually due to changes in the Consumer Price Index.

Historical trend information showing the CERS' progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Retirement Systems' annual financial report. This report may be obtained by writing the Kentucky Retirement Systems, 1260 Louisville Road, Frankfort, KY 40601-6124, or by telephone at (502) 564-4646.

Note 6. Deferred Compensation

The Owsley County Fiscal Court allows all eligible employees to participate in deferred compensation plans administered by The Kentucky Public Employees' Deferred Compensation Authority. The Kentucky Public Employees' Deferred Compensation Authority is authorized under KRS 18A.230 to 18A.275 to provide administration of tax sheltered supplemental retirement plans for all state, public school and university employees and employees of local political subdivisions that have elected to participate.

These deferred compensation plans permits all full time employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Participation by eligible employees in the deferred compensation plans is voluntary.

Historical trend information showing The Kentucky Public Employees' Deferred Compensation Authority's progress in accumulating sufficient assets to pay benefits when due is presented in The Kentucky Public Employees' Deferred Compensation Authority's annual financial report. This report may be obtained by writing Kentucky Public Employees' Deferred Compensation Authority at 105 Sea Hero Road, Suite 1, Frankfort, KY 40601-8862, or by telephone at (502) 573-7925.

Note 7. Insurance

For the fiscal year ended June 30, 2011, Owsley County was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of a collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

Note 10. Change in Accounting Principle

The county implemented a new accounting standard, Governmental Accounting Standards Board (GASB) Statement 54, Fund Balance Reporting and Governmental Fund Type Definitions, which has altered the classifications of fund balances on the Balance Sheet – Governmental Funds and the presentation of funds. The Jail Fund, Solid Waste Fund, and Parks & Recreation Fund previously presented as special revenue funds do not meet the definition of a special revenue fund in the current year. Therefore, the fund balances, revenues, and expenditures of these funds are reported in the General Fund.

OWSLEY COUNTY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2011

Note 1. Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

Note 2. Reconciliation of the General Fund

Due to the implementation of GASB Statement No. 54, the Statement of Revenues, Expenditures, and Changes in Fund Balance differs from the Budgetary Comparison Schedule for the General Fund. The Statement of Revenues, Expenditures, and Changes in Fund Balance includes the activity for the General Fund, the Jail Fund, the Solid Waste Fund, and the Parks and Recreation Fund as outlined and reconciled on page 31.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

ADAM H. EDELEN
AUDITOR OF PUBLIC ACCOUNTS

The Honorable Ronnie DeBord, Owsley County Judge/Executive
Members of the Owsley County Fiscal Court

Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of Financial Statements
Performed In Accordance With Government Auditing Standards

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Owsley County, Kentucky, as of and for the year ended June 30, 2011, which collectively comprise the County's basic financial statements, as listed in the table of contents and have issued our report thereon dated June 28, 2012. Owsley County presents its financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Owsley County Fiscal Court is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Owsley County Fiscal Court's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Owsley County Fiscal Court's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Owsley County Fiscal Court's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying comment and recommendation, we identified a certain deficiency in internal control over financial reporting that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying comment and recommendation as item 2011-01 to be a material weakness.

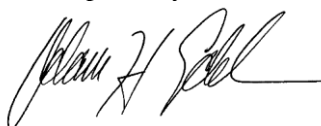

Report On Internal Control Over Financial Reporting
And On Compliance And Other Matters Based On An Audit Of Financial
Statements Performed In Accordance With Government Auditing Standards
(Continued)

Compliance And Other Matters

As part of obtaining reasonable assurance about whether the Owsley County's financial statements as of and for the year ended June 30, 2011, are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standard.

This report is intended solely for the information and use of management, others within the entity, the Department for Local Government and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

COMMENT AND RECOMMENDATION

**OWSLEY COUNTY
COMMENT AND RECOMMENDATION**

Fiscal Year Ended June 30, 2011

INTERNAL CONTROL – MATERIAL WEAKNESS:

2011-01 The County Did Not Maintain A Complete And Accurate List Of Capital Assets

The county did not maintain an updated list of capital assets. Additionally, the county did not maintain a listing of capital asset additions, disposals, and retirements for FYE June 30, 2011. In order to comply with the requirements of GASB Statement No. 34, the county must maintain information related to current capital assets including all assets acquired during the year, all assets disposed of during the year, and any assets retired during the year. Periodically, the county should compare the capital asset listing to asset inventory and to the insurance policy to ensure consistency and accuracy of reporting. We recommend the county implement procedures to track capital asset additions, disposals, and retirements in order to maintain complete and accurate capital asset lists.

County Judge/Executive's Response: No response.
