INDEPENDENT AUDITOR'S REPORT

To the Mayor and Board of Alderman
Town of Chapel Hill, Tennessee

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Town of Chapel Hill, Tennessee, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Town of Chapel Hill, Tennessee's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund of the Town of Chapel Hill, Tennessee, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund, State Street Aid Special Revenue Fund and Drug Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Chapel Hill, Tennessee and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Chapel Hill, Tennessee's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Chapel Hill, Tennessee's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Chapel Hill, Tennessee's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-11 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Chapel Hill, Tennessee's basic financial statements. The accompanying supplementary information, as listed in the table of contents, including the schedule of federal awards and state financial assistance, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information section is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 11, 2025, on our consideration of the Town of Chapel Hill, Tennessee's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Chapel Hill, Tennessee's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town of Chapel Hill, Tennessee's internal control over financial reporting and compliance.

Established 1808

As management of the Town of Chapel Hill, Tennessee, (the “Town” or the “Town of Chapel Hill”) we offer readers of the Town’s financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2024.

Financial Highlights

- The assets of Town of Chapel Hill exceeded its liabilities at the close of the most recent fiscal year by \$11,035,815. Of this amount \$3,881,462 is unrestricted and may be used to meet the government’s ongoing obligations to citizens and creditors.
- The government’s total net position increased by \$142,641.
- At the close of the current fiscal year, the Town of Chapel Hill’s governmental funds combined ending fund balances reported was \$1,257,367, an increase of \$58,020 in comparison of the previous year.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$844,197.
- The Town’s total debt obligations decreased by \$265,129 during the year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the Town of Chapel Hill's basic financial statements. The Town’s basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the Town's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *Statement of Activities* presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are

TOWN OF CHAPEL HILL

Management's Discussion and Analysis (Continued)

reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes, compensated absences, etc.).

Both of the government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Town include general government, public safety, public works, and recreation. The business-type activities of the Town are made up of water, sewer, and sanitation.

The government-wide financial statements can be found as listed in the table of contents.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into two categories: governmental funds and business-type activities reported in the proprietary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the focus is on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources at the end of the fiscal year. Such information may be useful in evaluating the government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Town's near-term financing decisions. Both the Balance Sheet - Governmental Funds and the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. The governmental fund financial statements can be found on pages 20-22 of this report.

The Town maintains three individual governmental funds. Information is presented separately in the Balance Sheet - Governmental Funds and in the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds for the General Fund, State Street Aid Special Revenue Fund and Drug Special Revenue Fund, which are considered to be major funds.

The Town adopts an annual appropriated budget for all governmental funds. Budgetary comparison statements have been provided in this report as listed in the table of contents.

TOWN OF CHAPEL HILL

Management's Discussion and Analysis (Continued)

Proprietary Funds

The Town maintains two proprietary funds. *Proprietary funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town uses enterprise funds (a component of proprietary funds) to account for its Water and Sewer Fund and Sanitation Fund.

Enterprise funds provide the same type of information as the government-wide financial statements, only in more detail. The enterprise fund financial statements provide separate information for the Water and Sewer Fund, which is considered to be a major fund for the Town, and Sanitation Fund.

The basic enterprise fund financial statements can be found as listed in the table of contents.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the Town of Chapel Hill's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The Town has no fiduciary funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found as listed in the table of contents.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town of Chapel Hill, assets exceeded liabilities by \$11,035,815 at the close of the most recent fiscal year.

The largest portion of the Town's net position (63%) reflects its net investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

TOWN OF CHAPEL HILL

Management's Discussion and Analysis (Continued)

NET POSITION

	Governmental Activities		Business-Type Activities		Total	
	2024	2023	2024	2023	2024	2023

Total net position	\$ 3,727,060	\$ 3,635,569	\$ 7,308,755	\$ 7,257,605	\$ 11,035,815	\$ 10,893,174

An additional portion of the Town's net position (2%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of net position representing unrestricted net position (35%) may be used to meet the Town's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the Town is able to report positive balances in all three categories of net position, both for the Town as a whole, as well as for its total governmental and total business-type activities.

Comparisons with the prior year data are presented above and on the following page. During the current fiscal year, the Town's net position increased by \$142,641. There was an increase of \$91,491 in net position in the governmental activities. There was an increase of \$51,150 in net position in the business-type activities.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental funds – The focus of the Town's governmental funds is to provide information on near term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's new resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's governmental funds reported an ending fund balance of \$1,257,367 an increase of \$58,020 in comparison with the prior year.

TOWN OF CHAPEL HILL

Management's Discussion and Analysis (Continued)

The general fund is the chief operating fund of the Town. At the end of the current fiscal year, unassigned fund balance of the general fund was \$844,197, which is 75% of the governmental funds. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total expenditures. Unassigned fund balance represents 39% of total general fund expenditures.

The fund balance of the Town's general fund increased by \$43,612 in the current fiscal year.

Proprietary funds – The Town's proprietary funds provide the same type information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Water and Sewer Fund and Sanitation Fund at the end of the year amounted to \$2,654,406. The combined net position for both funds increased by \$51,150. Other factors concerning the finances of this fund have already been addressed in the discussion of the Town's business type activities.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The Town's investments in capital assets for its governmental and business-type activities as of June 30, 2024, amounts to \$16,394,114 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, park facilities, roads and highways.

CAPITAL ASSETS

TOWN OF CHAPEL HILL

Management's Discussion and Analysis (Continued)

LONG-TERM DEBT

At the end of the current fiscal year, the Town of Chapel Hill had a total debt outstanding of \$2,815,922. The entire amount is comprised of debt backed by the full faith and credit of the General Government. Additionally, \$1,185,769 of this debt is backed by the revenues of the Water and Sewer System.

OUTSTANDING DEBT

	<u>\$ 1,630,153</u>	<u>\$ 1,781,423</u>	<u>\$ 1,185,769</u>	<u>\$ 1,299,899</u>	<u>\$ 2,815,922</u>	<u>\$ 3,081,322</u>

Information on the Town's long-term debt can be found in Note 4 of this report.

CURRENT YEAR'S BUDGET ANALYSIS

The following are notable variances in the general fund budget between actual and expected results during the 2023-2024 fiscal year:

- All departments were underbudget (general government - \$246,655; public safety - \$28,514; highways - \$16,432; and recreation - \$21,415).
- The largest variance relates to projected bond issuance and related spending of such that did not yet occur

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The following factors will be considered in preparing the Town's budget for the 2024-2025 fiscal year:

- Increase in growth of the local economy and property development resulting in a broader tax base
- Improvements needed to utility facilities to fulfill the increased need from growth
- Long-term debt proceeds will be used to accomplish the above goals

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Town of Chapel Hill's finances for citizens, taxpayers, customers, investors, creditors and all others with an interest in the Town's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Town Recorder/Treasurer, Town of Chapel Hill, P.O. Box 157, Chapel Hill, TN 37034.

TOWN OF CHAPEL HILL, TENNESSEE
Reconciliation of the Statement of Revenues, Expenditures and Changes in
Fund Balance of the Governmental Funds to the Statement of Activities
Year Ended June 30, 2024

Net change in fund balances for total governmental funds	\$ 58,020
Governmental funds report capital outlay as expenditures, however, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeds capital outlay in the current period.	(133,063)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds.	(12,731)
Net change in pension assets/liabilities and expenditures that are deferred or capitalized for the statement of activities.	30,029
Accrued leave reported in the Statement of Activities does not require the use of current financial resources and, therefore, is not reported as expenditures in governmental funds.	(1,764)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however has any effect on net assets. This amount is the difference in the treatment of long-term debt and related items.	<u>151,000</u>
Change in net position of governmental activities	<u><u>\$ 91,491</u></u>

The accompanying notes are an integral part of the financial statements.

TOWN OF CHAPEL HILL, TENNESSEE
Notes to Financial Statements
June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of Chapel Hill, Tennessee (the “Town”) have been prepared in accordance with Generally Accepted Accounting Principles (GAAP) in the United States of America. The Governmental Accounting Standards Board (GASB) is the standard setting body for establishing governmental accounting and financial reporting standards. The GASB’s Codification of Governmental Accounting and Financial Reporting Standards document these principles. The following is a summary of significant accounting policies:

A. Reporting Entity

The Town of Chapel Hill, Tennessee is a municipal corporation governed by an elected mayor and a six-member board of aldermen. The accompanying financial statements present only the Town of Chapel Hill. The Town has no component units, i.e., legally separate organizations for which the Town is financially accountable, which are required to be included in these financial statements.

B. Basic Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, provided to the general public, which rely to a significant extent on fees and charges for support.

Separate fund financial statements are provided for governmental funds and proprietary funds. The Town does not have any fiduciary funds. Major individual governmental funds and major individual enterprise funds (a component of proprietary funds) are reported as separate columns in the fund financial statements. The Town has no nonmajor funds in the financial statements and detailed in the supplementary section.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

1. Economic Resources Measurement Focus and Accrual Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. This means that revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

TOWN OF CHAPEL HILL, TENNESSEE
Notes to Financial Statements
June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

2. Modified Accrual

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. “Available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within thirty (30) days of the end of the current fiscal period. Exchange transactions are recognized as revenues in the period in which they are earned (i.e., the related goods or services are provided).

Locally imposed derived tax revenues are recognized as revenues in the period in which the underlying exchange transaction upon which they are based takes place. Imposed non-exchange transactions are recognized as revenues in the period for which they are imposed. If the period of use is not specified, they are recognized as revenues when an enforceable legal claim to the revenues arises or when they are received, whichever occurs first. Government-mandated and voluntary non-exchange transactions are recognized as revenues when all applicable eligibility requirements have been met.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include principal and interest on general long-term debt which is recognized when due.

In applying the “susceptible to accrual” concept to intergovernmental revenues pursuant to GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions as amended by GASB Statement No. 36, Recipient Reporting of Certain Shared Nonexchange Revenues (the Town may act as either provider or recipient), the provider should recognize liabilities and expenses and the recipient should recognize receivables and revenue when the applicable eligibility requirements including time requirements, are met. Resources transmitted before the eligibility requirements are met should, under most circumstances, be reported as advances by the provider and unearned revenue by the recipient.

The government reports the following major governmental funds:

The *General Fund* is the government’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *State Street Aid Fund* is used to account for the receipt of the state gas and motor fuel tax and the associated expenditures of these funds.

The *Drug Fund* is used to account for the receipt of drug fines and the associated expenditures of these funds.

TOWN OF CHAPEL HILL, TENNESSEE

Notes to Financial Statements

June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

2. Modified Accrual – (Continued)

The government reports the following business-type activities as major enterprise funds:

The *Water and Sewer Fund* accounts for the activities of the water and sewer operations.

The *Sanitation Fund* accounts for the activities of the Town's garbage collection and disposal.

3. Revenues and Expenditures/Expenses

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The Town's proprietary funds are composed of the Water and Sewer Fund and the Sanitation Fund. The proprietary funds' principal operating revenues are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses and overheads, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed.

4. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on July 1 and are payable October 1. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since, the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as a deferred inflow of resources as of June 30. Property taxes become delinquent March 1 of the ensuing year.

TOWN OF CHAPEL HILL, TENNESSEE

Notes to Financial Statements

June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

D. Assets, Liabilities and Fund Equity

1. Cash and Cash Equivalents

Cash and cash equivalents represent all investments that are short term, highly liquid, and readily convertible to a specified cash value. These investments generally have original maturities of three months or less. Cash equivalents consist of cash in bank, cash on hand, and bank certificates of deposit. The Town has not adopted policies to further limit its deposit or investment choices.

2. Interfund Receivables and Payables

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as “due to and from other funds.” Due to and from other funds are eliminated in the Statement of Net Position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances”.

Receivables from and payables to external parties are reported separately and are not offset in the proprietary fund financial statements and business-type activities of the government-wide financial statements, unless a right of offset exists.

3. Receivables

Receivables consist of trade receivables, due from other governments, and interest receivable which are recorded net of allowance for doubtful accounts. The allowance is based on historical collection experience and a review of the current status of the existing receivables.

Property taxes are levied (billed) as of July 1 on property values assessed as of the same date. A lien is put on the property on January 1, the assessment date. The billings are considered past due March 1 of the ensuing year, at which time penalties and interest are assessed.

4. Inventories

Inventories are comprised of materials and supplies. Cost for materials and supplies are valued at the lower of cost (first in, first-out) or market.

5. Capital Assets

Capital assets, which include land, building, improvements, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets used in governmental activities are defined by the Town as assets with an initial, individual cost of more than \$5,000 (\$25,000 for buildings) and an estimated useful life in excess of one year.

TOWN OF CHAPEL HILL, TENNESSEE
Notes to Financial Statements
June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

D. Assets, Liabilities and Fund Equity-(Continued)

5. Capital Assets – (Continued)

Capital assets used in business-type activities are defined as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost, if purchased and at fair market value at date of gift if donated.

Major additions are capitalized while maintenance and repairs that do not improve or extend the life of the respective assets are charged to expense.

Capital assets depreciation is recognized using the straight-line method over the estimated useful lives as follows:

<u>Classification</u>	<u>Range of Lives</u>
Buildings	30-50 years
Public domain infrastructure	40-50 years
Improvements other than buildings	10-20 years
Machinery, equipment and other	5-10 years

6. Recent Accounting Pronouncements

GASB Statement No. 87, Leases (GASBS No. 87), became effective during the fiscal year ending June 30, 2022. This standard enhances the relevance and consistency of information related to leasing activities. The Town does not have agreements that qualify as leases under this standard.

7. Compensated Absences

The Town's policies regarding leave time permit employees to accumulate earned but unused vacation leave benefits. The liability for these compensated absences is recorded in the financial statements.

8. Long-Term Liabilities

Long-term debt and other long-term obligations are reported as liabilities in the statement of net position. The debt is recorded net of the applicable bond premium or discount. Debt issuance costs are charged to expense in the period incurred.

9. Fund Equity

GASB Statement No. 54, establishes clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent.

The following classifications describe the relative strength of the spending constraints:

TOWN OF CHAPEL HILL, TENNESSEE
Notes to Financial Statements
June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

D. Assets, Liabilities and Fund Equity-(Continued)

9. Fund Equity – (Continued)

Nonspendable fund balance—this classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The Town has classified inventories, if any, and prepaid expenses as nonspendable as these items are not expected to be converted to cash.

Restricted fund balance—this classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance—this classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Mayor and Aldermen, the Town’s highest level of decision-making authority. These amounts cannot be used for any other purpose unless the Board of Mayor and Aldermen rescinds or modifies the specified use by taking the same action that was employed when the funds were initially committed. The Town has no committed funds as of June 30, 2023.

Assigned fund balance—this classification includes amounts that are constrained by the Town’s intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Mayor and Aldermen or through the Board delegating this responsibility to the Town Administrator.

Unassigned fund balance—this classification includes the residual fund balance for the General Fund and any negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts.

Sometimes an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available; the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Mayor and Aldermen has provided otherwise in its commitment or assignment actions.

10. Use of Estimates

In preparing the Town’s financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

TOWN OF CHAPEL HILL, TENNESSEE
Notes to Financial Statements
June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

D. Assets, Liabilities and Fund Equity-(Continued)

11. Deferred Outflows / Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the Town has one type of item that qualifies for reporting in this category: deferred outflows related to Pensions.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Accordingly, the items are reported in the government-wide statement of net position, the governmental funds balance sheet and proprietary funds statement of net position.

In the government-wide statement of net position the government has one item, property taxes, that qualifies for reporting in this category. This amount is deferred and recognized as an inflow of resources in the period for which property taxes are billed. In the governmental funds, the government has one type of item, which arises under the modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported in the government funds balance sheet. The governmental funds report unavailable revenues from multiple sources: property taxes, state and local taxes, operating grants and certain other amounts. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

12. Net Position

Net position is the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net investment in capital assets represent capital assets reduced by accumulated depreciation and by any outstanding debt related to the acquisition, construction or improvement of those assets as well as any deferred outflows or inflows of resources attributable to the acquisition, construction, or improvement of those assets. The restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Restricted assets occur when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributions, laws, regulations, etc. Unrestricted net position is the amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

TOWN OF CHAPEL HILL, TENNESSEE

Notes to Financial Statements

June 30, 2024

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

The Town follows the procedures listed below in establishing the budgetary data reflected in the financial statements:

1. Prior to July 1, the Mayor submits to the Board of Aldermen a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to July 1, the budget is legally enacted through passage of an ordinance.
4. Formal budgetary integration is employed as a management control device during the year for the General, State Street Aid, and Drug Funds.
5. Budgets for the General, State Street Aid, and Drug Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

Budgeted amounts are as originally adopted, or as amended by the Town Board of Mayor and Aldermen.

NOTE 3 - DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

A summary of cash deposits with financial institutions as of June 30, 2024 is as follows:

	<u>Carrying Amount</u>	<u>Bank Amount</u>
Cash, all fund types:		
Amount insured:		
FDIC	\$ 3,806,994	\$ 3,778,864
Cash on hand	<u>500</u>	<u>-</u>
	<u>\$ 3,807,494</u>	<u>\$ 3,778,864</u>

Custodial credit risk for the Town's deposits is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. According to Section 9-1-107, Tennessee Code Annotated, cash deposits must be insured or collateralized with securities held by the entity or by its agent in the entity's name. It is the Town's policy to require financial institutions holding its deposits to be members of the Tennessee Collateral Pool or if not a member of the Tennessee Collateral Pool, to pledge collateral for deposits in excess of the Federal Deposit Insurance Corporation (FDIC) coverage. The pledged collateral is required to be held by the Town or its agent in the Town's name. At June 30, 2024, all bank deposits were either fully insured by the FDIC or collateralized by the Tennessee Collateral Pool.

TOWN OF CHAPEL HILL, TENNESSEE

NOTE 3 - DETAILED NOTES ON ALL FUNDS-(Continued)

B. Receivables

Receivables as of year-end for the government's individual major funds, including the applicable allowances for uncollectible accounts, are as follows.

	General	State Street Aid	Drug	Water and Sewer	Sanitation	Total
Receivables:						
Taxes - property	\$ 805,911	\$ -	\$ -	\$ -	\$ -	\$ 805,911
Taxes - other	140,716	-	-	-	-	140,716
Accounts	-	-	-	163,863	-	163,863
Intergovernmental	47,754	10,496	-	-	-	58,250
Gross receivables	994,381	10,496	-	163,863	-	1,168,740
Less: Allowance for						
Uncollectibles	(12,383)	-	-	(2,478)	-	(14,861)
Total Receivables, Net	<u>\$ 981,998</u>	<u>\$ 10,496</u>	<u>\$ -</u>	<u>\$ 161,385</u>	<u>\$ -</u>	<u>\$ 1,153,879</u>

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

At the end of the current fiscal year, the various components of unavailable revenue for the governmental funds were as follows:

	<u>Unavailable</u>
Property taxes	\$ 793,528
Other tax revenue	<u>95,682</u>
Total unavailable revenue	<u>\$ 889,210</u>

The water and sewer fund records tap fees for amounts received from customers for the installation of new taps related to water line distribution extension projects. There were no unearned tap fees as of the year ended June 30, 2024.

NOTE 3 - DETAILED NOTES ON ALL FUNDS-(Continued)

D. Interfund Receivables, Payables, and Transfers

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. All balances are expected to be liquidated within one year.

E. Fund Equities

Fund balance for governmental funds was comprised of the following at June 30, 2024:

	General	State Street Aid	Drug	Total Governmental Funds
Nonspendable:				
Prepaid expenses	\$ 65,571	\$ -	\$ -	\$ 65,571
Restricted:				
Highways & Streets	-	131,865	-	131,865

	<u>\$ 1,185,817</u>	<u>\$ 172,670</u>

The total amount of interest charged to expense was \$51,948, and \$26,038, respectively for the year ended June 30, 2024 for the governmental activities and business-type activities.

The Town issued a general obligation capital outlay note in 2015, with First Tennessee Bank National Association for the purpose of their traffic signal projects and Phase 1 of the Depot Park project.

The Town issued a sewer system revenue and tax capital outlay note in 2015, with First Tennessee Bank for the purpose of sewer system improvements.

The Town entered into a Tennessee municipal financed purchase agreement in 2016, with Government Capital Corporation for the purpose of replacement and installation of water meters. This agreement is currently in place with Central Trust Bank.

In 2018 the Town established a \$1,000,000 loan agreement through Local Government Loan Program Bond, Series 2017, with First Tennessee Bank National Association for the purpose of the acquisition a new fire truck and the construction of a trail walkway and parking lot.

TOWN OF CHAPEL HILL, TENNESSEE

Notes to Financial Statements

June 30, 2024

NOTE 4 – LONG-TERM DEBT-(Continued)

In the 2020 year, the Town established a \$1,600,000 loan agreement through Local Government Loan Program Bond, Series 2019, with First Tennessee Bank National Association for the purpose of the acquisition of building and renovations for the Town's administrative building, installation of LED streetlights, sidewalk improvements and other infrastructure projects.

In the 2020 year, the Town also established a \$1,600,000 loan agreement through Local Government Loan Program Bond, Series 2020, with First Tennessee Bank National Association for the purpose of water plant upgrades, Crutcher Road sewer line, and a 12-inch water line upgrade. The town made draws of \$0 for utility projects in the current fiscal year. Principal payments were made in the current fiscal year totaling \$66,000, bringing total unpaid principal balance at June 30, 2024 to \$651,929, as noted in the schedule of long-term debt.

The Town made draws for a sewer project under the State Revolving Fund Loan in the current fiscal year totaling \$0 and based on the loan agreement received forgiveness of \$0. Principal payments were made in the current fiscal year totaling \$28,128, bringing total unpaid principal balance at June 30, 2024 to \$497,856, as noted in the schedule of long-term debt.

General obligation bonds and capital outlay notes are direct obligations and pledge the full faith and credit of the government. The Town's direct borrowings related to governmental and business-type activities require the same pledge of full faith and credit; however, none of the direct borrowings contain any provision for acceleration of payments of principal or are secured by collateral. All bonds and other loans included in long-term debt as of June 30, 2024 will generally be retired from governmental or enterprise fund cash.

NOTE 5 – RISK MANAGEMENT

The Town is exposed to various risks of losses related to torts, thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town participates in the Tennessee Municipal League Risk Management Pool ("TML"), a public entity risk pool for coverage of these risks. The Town pays an annual premium determined by TML for its risk coverage. The TML was created to be self-sustaining through member premiums. TML reinsures through commercial insurance for excessive claims for each insured event. Management believes that the coverage is adequate to preclude any significant uninsured risk exposure to the Town. Settled claims in the past three years have not exceeded the coverages. There has not been a significant reduction in insurance coverage in the past fiscal year.

NOTE 6 – INTERNAL BALANCES

Internal balances at June 30, 2024 consists of the following:

Due from Water and Sewer to Sanitation- \$24,533

TOWN OF CHAPEL HILL, TENNESSEE

Contributions - Employer	(24,404)
Net investment income	(1,399)
Administrative expenses	<u>452</u>
Total Net Pension Liability	<u><u>\$ 754</u></u>

NOTE 9 – RETIREMENT PLAN

The Town has a defined contribution plan commonly known as a savings incentive match plan (SIMPLE) retirement plan for its governmental fund and enterprise fund employees. All employees are eligible for employee contributions, but the employer contributions are only made to employees who originally opted out of the TCRS plan also offered by the Town. Eligible participants may contribute a portion of their salary, up to the legal limit established by the Internal Revenue Code. All contributions are 100% vested with the employee and, as a result there are no forfeitures to be recognized in pension expense. The Town will match up to 100% of the employees' contribution up to the first 3% of gross pay, should they meet the above criteria.

Employer contributions totaled \$3,497 for the year ended June 30, 2024. The pension administrative expense is paid by the employees under the plan.

Contributions payable to the plan at June 30, 2024 were \$0 and \$0 for the governmental funds and enterprise funds, respectively.

TOWN OF CHAPEL HILL, TENNESSEE

Notes to Financial Statements

June 30, 2024

NOTE 10 – PENSION PLAN

General Information About the Pension Plan

Plan description

Employees of the Town of Chapel Hill, Tennessee, are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS.

The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

Benefits provided

Tennessee Code Annotated, Title 8, Chapters 34-37, establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 65 with 5 years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive years average compensation and the member's service credit. Reduced benefits for early retirement are available at age 60 and vested or pursuant to the rule of 80 in which the member's age and service credit total 80. Members vest with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Employees covered by benefit terms

At the measurement date of June 30, 2023, the following employees were covered by the benefit terms:

Inactive employees currently receiving benefit payments	-
Inactive employees entitled to but not yet receiving payments	-
Active employees	<u>13</u>
Total	<u>13</u>

Contributions

Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees are non-contributory. The Town of Chapel Hill, Tennessee makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2024, the employer contributions for the Town of Chapel Hill, Tennessee were \$52,872 based on a rate of 6.57% percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept the Town of Chapel Hill, Tennessee's state shared taxes if required employer contributions are not remitted.

TOWN OF CHAPEL HILL, TENNESSEE
Notes to Financial Statements
June 30, 2024

NOTE 10 – PENSION PLAN (continued)

General Information About the Pension Plan-(Continued)

The employer's ADC and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Net Pension Liability (Asset)

The Town of Chapel Hill, Tennessee's net pension liability (asset) was measured as of June 30, 2023, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial assumptions

The total pension liability as of June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25 percent
Salary increases	Graded salary ranges from 8.72 to 3.44 percent based on age, including inflation, averaging 4.00 percent
Investment rate of return	6.75 percent, net of pension plan investment expenses, including inflation
Cost-of-Living Adjustment	2.125 percent

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2023 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016 through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020 actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

TOWN OF CHAPEL HILL, TENNESSEE
Notes to Financial Statements
June 30, 2024

NOTE 10 – PENSION PLAN (continued)

<u>Asset Class</u>	Long-Term Expected	
	<u>Real Rate of Return</u>	<u>Target Allocation</u>
U.S. equity	4.88%	31%
Developed market international equity	5.37%	14%
Emerging market international equity	6.09%	4%
Private equity and strategic lending	6.57%	20%
U.S. fixed income	1.20%	20%
Real estate	4.38%	10%
Short-term securities	0.00%	1%
		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount rate

The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from the Town of Chapel Hill, Tennessee will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability (asset) to changes in the discount rate

The following presents the net pension liability (asset) of the Town of Chael Hill, Tennessee calculated using the discount rate of 6.75 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75 percent) or 1-percentage-point higher (7.75 percent) than the current rate:

	1% Decrease (5.75%)	Discount Rate (6.75%)	1% Increase (7.75%)
Net Pension Liability (Asset)	\$9,082	\$754	(\$5,944)

Pension Expense (Negative Pension Expense) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension expense (Negative pension expense)

For the fiscal year ended June 30, 2024, the Town of Chapel Hill, Tennessee recognized pension expense (negative pension expense) of \$25,153.

TOWN OF CHAPEL HILL, TENNESSEE

Notes to Financial Statements

June 30, 2024

NOTE 10 – PENSION PLAN (continued)

Deferred outflows of resources and deferred inflows of resources

For the fiscal year ended June, 30, 2024, the Town of Chapel Hill, Tennessee reported deferred outflows of resources and deferred inflows of resources related to Pensions from the following sources:

	Deferred Outflows of resources	Deferred Inflows of resources
Differences between actual and expected experience	\$ -	\$ -
Net difference between projected and actual earnings on pension plan investments	5	-
Changes of assumptions	-	-
Contributions subsequent to the measurement date of June 30, 2023	52,872	-
Total	<u>\$ 52,877</u>	<u>\$ -</u>

The amounts shown above for "Contributions subsequent to the measurement date of June 30, 2023" will be recognized as a reduction (increase) to net pension liability (asset) in the following measurement period.

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

For the year ended June 30:

2025	1
2026	1
2027	1
2028	1
2029	-
Thereafter	-

In the table above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Payable to the Pension Plan

At June 30, 2024, the Town of Chapel Hill, Tennessee reported a payable of \$0 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2024.

TOWN OF CHAPEL HILL, TENNESSEE

Notes to Financial Statements

June 30, 2024

NOTE 11 - CONTINGENCIES

The Town is involved in litigation arising in the ordinary course of business. The ultimate outcome of the litigation is unknown at the present time. Accordingly, no provision has been made in the accompanying financial statements for any liability that might result. After consultation with legal counsel, management estimates that those matters not covered by insurance will be resolved without material adverse effect on the Town's financial position or results of operations.

NOTE 12 – SUBSEQUENT EVENTS

Subsequent events were evaluated through February 11, 2025, when the financial statements were available to be issued.

Please refer to previously supplied data from the TCRS GASB website for prior years' data, if needed.

Notes to Schedule:

Valuation date: Actuarially determined contribution rates for fiscal year 2024 were calculated based on the June 30, 2022 actuarial valuation.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry Age Normal
Amortization method	Level dollar, closed (not to exceed 20 years)
Remaining amortization period	Varies by Year
Asset valuation	10-year smoothed within a 20 percent corridor to market value
Inflation	2.25 percent
Salary increases	Graded salary ranges from 8.72 to 3.44 percent based on age, including inflation, averaging 4.00 percent
Investment Rate of Return	6.75 percent, net of investment expense, including inflation
Retirement age	Pattern of retirement determined by experience study
Mortality	Customized table based on actual experience including an adjustment for some anticipated improvement
Cost of Living Adjustments	2.125 percent

Changes of assumptions. In 2021, the following assumptions were changed: decreased inflation rate from 2.50 percent to 2.25 percent; decreased the investment rate of return from 7.25 percent to 6.75 percent; decreased the cost-of-living adjustment from 2.25 percent to 2.125 percent; and modified mortality assumptions. In 2017, the following assumptions were changed: decreased inflation rate from 3.00 percent to 2.50 percent; decreased the investment rate of return from 7.50 percent to 7.25 percent; decreased the cost-of-living adjustment from 2.50 percent to 2.25 percent; and decreased salary growth graded ranges from an average of 4.25 percent to an average of 4.00 percent.

Notes to Schedule:

Note A - Basis of Presentation

The accompanying schedule of expenditures of federal awards and state financial assistance includes the federal and state grant activity of the Town of Chapel Hill, Tennessee under programs of federal government for the year ended June 30, 2024. Because the schedule presents only a selected portion of the operations of the Town, it is not intended to and does not present the financial position, changes on net assets, or cash flows of the Town.

Note B - Summary of Significant Accounting Policies

- 1.) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- 2) The Town has elected not to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

Note C - Balance of Loan & Loan Guarantees

The Town had loans of 497,892 in association with Tennessee Department of Environment and Conservation State Revolving Fund Loan Program.

INTERNAL CONTROL AND COMPLIANCE SECTION

THIS PAGE IS INTENTIONALLY LEFT BLANK

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Mayor and Board of Alderman
Town of Chapel Hill, Tennessee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of The Town of Chapel Hill, Tennessee (the Town), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise The Town of Chapel Hill, Tennessee's basic financial statements, and have issued our report thereon dated February 11, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered The Town of Chapel Hill, Tennessee's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Town of Chapel Hill, Tennessee's internal control. Accordingly, we do not express an opinion on the effectiveness of The Town of Chapel Hill, Tennessee's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether The Town of Chapel Hill, Tennessee's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in blue ink that reads "Matlock Clements, P.C." with a stylized flourish at the end.
