Lexington, Kentucky 40507

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of the Lexington Public Library, a component unit of the Lexington-Fayette Urban County Government, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Lexington Public Library's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Lexington Public Library's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Independent Auditor's Report (Continued)**Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the Lexington Public Library, as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters**Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 9, budgetary comparison schedules on pages 49 through 51, the Schedule of Lexington Public Library's Net Pension Liability and Related Ratios Based on Participation in the County Employees Retirement System on page 52, the Schedule of Lexington Public Library's Contributions Based on Participation in the County Employees Retirement System on page 53, the Schedule of Lexington Public Library's Proportionate Share of the Collective Net OPEB Liability in the County Employees Retirement System Insurance Fund on page 55, and the Schedule of Lexington Public Library's Contributions in the County Employees Retirement System Insurance Fund on page 56, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report on Summarized Comparative Information

We previously audited the Lexington Public Library's 2020 financial statements, and our report dated September 9, 2020, expressed an unmodified opinion on those financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 7, 2021 on our consideration of the Lexington Public Library's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Lexington Public Library's internal control over financial reporting and compliance.

**Lexington Public Library
Management's Discussion and Analysis
June 30, 2021**

FINANCIAL HIGHLIGHTS

- The Lexington Public Library's (the Library) net position increased \$3,141,546 during fiscal year 2021. Current Assets increased by \$56,809 and Bonds Payable decreased \$1,468,735 both improving the Library's net position. The net value of Capital Assets increased \$2,903,004 and the pension obligation net of deferred outflows and pension contributions increased \$1,379,764.
- The Library made capital investments during the fiscal year for equipment and building improvements and construction. The most significant investment was the purchase of the Village Branch property. The Library will be replacing the branch with a new approximately 30,000 square foot free standing building with construction planned to start late fiscal year 2022. The Library also continued the improvement project on the Central parking garage and invested in computer and technology improvements.
- The Library allocated 13% of its tax revenues for library books and materials, continuing to spend significantly on e-books while also maintaining its children's and adult materials collections.
- The Lexington Public Library Foundation raised \$307,100 in fiscal year 2021, transferring \$55,863 in grants and other designated gifts to further Library programming and services as well as \$813,000 toward the Eastside Branch debt. Funds raised include a \$20,000 NEA grant, \$14,125 for NTI Learning Labs, \$10,000 from the Bluegrass Community Foundation and \$47,931 from the Foundation's annual Booktacular events.
- The Library's business-type activities had a decrease in net position of \$49,027 or fiscal year 2021. This was primarily due to COVID-19 related decreases in activity in the garage and use of copiers.
- Due to the ongoing COVID-19 pandemic, the Library eliminated most of its part time positions for the year, reducing personnel expenditures by approximately \$1.4 million. Expenditures for programming, supplies and marketing also fell well under budget. Non-traditional services provided during this time included curbside pickup, food delivery and vaccination clinics.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report includes this management's discussion and analysis, the independent auditor's report and the basic financial statements, and certain required supplementary information, which is not part of the basic financial statements, of the Library. The basic financial statements also include notes that explain in more detail some of the information in the financial statements.

REQUIRED FINANCIAL STATEMENTS

The Library's financial statements present two kinds of statements, each with a different viewpoint of the Library's finances. The focus is both the Library as a whole (government-wide) and the individual fund financial statements. The government-wide financial statements provide both long-term and short-term information about the Library's overall financial status. The fund financial statements focus on individual funds of the Library, reporting the Library's operations in more detail than the government-wide statements. Both perspectives (government-wide and fund) allow the user to address relevant questions, broaden the basis of comparison (year-to-year or government-to-government) and enhance the Library's accountability.

**Lexington Public Library
Management's Discussion and Analysis (Continued)
June 30, 2021**

GOVERNMENT-WIDE STATEMENTS

The government-wide statements report information about the Library as a whole using accounting methods similar to those used by private-sector companies. One of the most important questions asked about the Library's finances is, "Is the Library, as a whole, better off, or worse off as a result of this year's activities?" The Statement of Net Position and the Statement of Activities report information about the Library's activities in a way that will help answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the net position of the Library and the changes in net position. One can think of the Library's net position - the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources - as one way to measure financial health or financial position. Over time, increases or decreases in the Library's net position are one indicator of whether its financial health is improving or deteriorating. However, one will need to consider other non-financial factors such as changes in economic conditions, population growth, and new or changed governmental legislation.

In the Statement of Net Position and the Statement of Activities, the Library is displayed as two kinds of activities:

- Governmental activities - Most of the Library's basic services are reported here. Property taxes, grants, and other income finance most of these activities.
- Business-type activities - The Library reports fees for service activities in this fund; this includes video rentals, copiers and other machines, and garage activity.

FUND FINANCIAL STATEMENTS

Traditional users of government financial statements will find the fund financial statement presentation more familiar. The focus is now on the Library's funds. The fund financial statements provide more information about the Library's funds and not the Library as a whole.

The Library has two kinds of funds:

- Governmental Funds - Most of the Library's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can be readily converted to cash flow in and out and (2) the balances left at the year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps the reader determine whether there are more or less financial resources that can be spent in the near future to finance the Library's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided at the bottom of the governmental funds statement that explains the relationship (or differences) between them.
- Proprietary Funds - Services for which the Library charges customers a fee are generally reported in proprietary funds.

**Lexington Public Library
Management's Discussion and Analysis (Continued)
June 30, 2021**

FINANCIAL ANALYSIS OF THE LIBRARY AS A WHOLE

A comparative analysis of government-wide information is presented in the financial report.

STATEMENT OF NET POSITION

A summary of the Library's Statement of Net Position is presented in Table A-1.

Condensed Statement of Net Position

**Lexington Public Library
Management's Discussion and Analysis (Continued)
June 30, 2021**

FINANCIAL ANALYSIS OF THE LIBRARY AS A WHOLE (Continued)

While the Statement of Net Position shows the financial position of the Library, the Statement of Activities provides answers as to the nature and source of these changes. The Library's main source of revenue, property tax, is approximately 95% of the Library's total revenue. The property tax revenue source increased approximately 2% due to increased property values and growth in Fayette County.

The personnel expense represents approximately 58% of total expenses. Personnel expenses reflect pension and other postemployment benefits expense in excess of contributions of \$1,580,447.

BUDGET HIGHLIGHTS

The Library adopts an annual Operating Budget following budget workshops with the Board of Trustees and a vote of the entire Board of Trustees. The operating budget includes proposed expenses and the means of financing them. The Library's operating budget is amended during the year if unusual events occurred. A fiscal year 2021 budget comparison for the current month and year to date is presented to management and the Board of Trustees as interim financial statements; however, they are not reported on nor shown on the financial statements section of this report.

The net change in the Library's fund balance was \$685,068, which was \$2,133,735 better than budget. The Library's actual expenses, overall, were under budget by \$2,220,852. A 2021 budget comparison and analysis is presented in Table A-3 on page 8. Personnel expenditures were under budget due to unfilled positions and the layoff of part-time staff due to the COVID-19 pandemic.

CAPITAL ASSETS

The Library invested a total of \$4,500,190 in capital assets purchased including the purchase of the Village Branch property. The Library will continue to invest in new technology and replace capital assets and study expansion plans in accordance with the Library's strategic plan.

DEBT ADMINISTRATION

Business-type Long-term Debt

The Library maintains cash and investments in the Public Library Corporation in order to retire its long-term debt in a timely manner. The Library's outstanding debt held by the Public Library Corporation at June 30, 2021 amounted to \$2,074,398. This debt had an original principal balance of \$3,515,000. The debt was used to purchase the parking garage (\$3,001,000) and provide cash (\$514,000) for the renovation of the garage. This garage debt will be repaid through the operation of the parking garage.

Governmental Long-term Debt

In September 2008, the Library closed on financing for the Northside branch with the Kentucky League of Cities. Financing consists of two notes. The first note is a twenty-year loan for \$5,200,000 at a fixed rate of 3.89%. The second note is a twenty-year loan for \$1,500,000 with a variable rate. The total balance of both loans was \$2,216,611 at June 30, 2021.

On March 29, 2012, the Library closed on financing for the Energy Project with the Kentucky League of Cities. Financing program revenue bonds, 2014 Series A were issued in the amount of \$1,270,000 at variable interest rates varying from 2.5% to 4.0%. Bond payments are due every February and August. The outstanding bond payable amount was \$537,500 at June 30, 2021.

On December 30, 2014, the Library closed on financing for the relocation project related to the Eagle Creek Branch with Kentucky Bank. The construction lease has a borrowing capacity of \$5,500,000. As of June 30, 2015, \$2,145,929 was drawn on the construction lease. During fiscal year 2017, the remaining amount of \$3,354,071 was drawn on the lease to total \$5,500,000. The construction lease has a fixed rate of 2.78%. The principal balance as of June 30, 2021, was \$1,736,877.

NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the information provided in the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Library's progress in funding its obligation to provide pension benefits to its employees.

CONTACTING THE LIBRARY FINANCIAL MANAGER

The financial report is designed to provide the citizens of Lexington-Fayette County and its creditors with a general overview of the Library's finances and to demonstrate the Library's accountability of the money it receives. If you have questions concerning any of the information provided in this report or requests for additional information, contact The Lexington Public Library, 140 East Main Street, Lexington, Kentucky 40507.

See accompanying notes.

LEXINGTON PUBLIC LIBRARY
STATEMENT OF SUPPORT, REVENUE, EXPENSES AND CHANGES
IN FUND BALANCES - GOVERNMENTAL FUNDS (CONTINUED)
Year Ended June 30, 2021

Net Change in Fund Balances - Total Governmental Funds \$ 734,096

Amounts Reported for Governmental Activities in the Statement of
Activities Are Different Because

Governmental funds report capital outlays as expenditures. However,
in the Statement of Activities the cost of those assets is allocated over
their estimated useful lives and reported as depreciation expense.

Purchase of capital assets 3,889,523

Depreciation expense (1,391,531)

Difference between proceeds and accounting gain (11,028)

Pension expense related to long-term Net Pension Obligations that is
not included in the Governmental Funds (1,150,827)

OPEB expense related to long-term Net OPEB Liability that is
not included in the Governmental Funds (228,937)

The issuance of long-term debt (e.g. bonds, financing obligations) provides
current financial resources to governmental funds, while repayment of principal
on long-term debt consumes the current financial resources of Governmental
Funds. These transactions, however, have no effect on net position.

Bond Proceeds Less Bond Issuance Costs

Bond principal payments 1,349,277

Change in Net Position of Governmental Activities \$ 3,190,573

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS
June 30, 2021

Note 1. Summary of Significant Accounting Policies

Nature of Organization

The Lexington Public Library (the "Library") is a governmental entity established as a tax-supported library in 1898. The Library is a component unit of the Lexington-Fayette Urban County Government. The Library is governed by a seven-member Board of Trustees that is empowered by Chapter 173 of the Kentucky Revised Statutes. The primary mission of the Library is to maintain a free public library in Lexington-Fayette County, Kentucky with financial support provided by the Lexington-Fayette Urban County Government ("LFUCG"). The LFUCG support is provided in the form of annual appropriations based upon property assessments.

The Library's financial statements include the assets and liabilities of the Lexington Public Library Foundation, Inc (the "Foundation"). The Foundation was formed in May 1997 for the purpose of benefiting, promoting, supporting, encouraging, and enhancing the program and facilities of the Lexington Public Library. The purpose of the Foundation is twofold; one, to provide financial support for specific projects of any type it considers appropriate; and two, to assist the Board of Trustees of the Library and its Advisory Board in making the Library more valuable to the entire community. The Foundation is included as a blended component unit and is classified as a special revenue fund.

Basis of Presentation

The Library's financial statements are presented in accordance with the provisions of Governmental Accounting Standards Board Statement No. 34, *"Basic Financial Statements and Management's Discussion and Analysis-for State and Local Government."* Statement No. 34, which established financial reporting requirements for all state and local governments and consists of the following:

Management's discussion and analysis (required supplementary information);

Basic Financial Statements

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

The government-wide financial statements include a statement of net position and the statement of activities. These statements display information about the Library as a whole. The statements distinguish between governmental and business-type activities. The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for individual funds.

Fund financial statements report detailed information about the Library. Their focus is on individual funds rather than reporting funds by type. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using the current financial resources measurement focus. With this measurement focus, only current assets and current liabilities, generally, are included on the balance sheet.

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 1. Summary of Significant Accounting Policies (Continued)

Governmental Funds

The primary government reports the following major governmental funds:

- General Fund - This is the primary operating fund of the Library. It accounts for all financial resources of the general government, except where the management requires that a separate fund be used for some function.
- Library Foundation Fund - This fund is used to account for the activities of the Library Foundation. The primary source of revenue for this fund is donations. The major expenditures for this fund are related to fundraising activities. Additional disbursements of this fund are transfers to the general fund to support the operations of the Library. This fund is presented as a special revenue fund.
- Library Collection Materials Fund - This fund is used to account for library materials purchased and collections from late fees and fines. The primary source of revenue for this fund is transfers from the general fund for property taxes. The major expenditures for this fund are books and materials for the Library. This fund is presented as a special revenue fund.
- Construction Fund - This fund is for library construction. The primary source of income for this fund is debt incurred. The major expenditures for this fund are construction costs and interest costs from debt. This fund is presented as a debt service fund.

The government has no non-major governmental funds.

Proprietary Funds

Proprietary funds distinguish between operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary funds' principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The primary government reports the following major proprietary funds:

- Enterprise Fund - This fund is used to account for revenues and expenses related to video rentals and copiers.
- Parking Fund - This fund is used to account for revenues and expenses related to the parking garage owned and operated by the Library.

Investments

Investments consist of certificates of deposit with initial maturities of twelve months or less in the amount of \$5,044,357 and mutual funds, which are carried at market value in the amount of \$98,808. Fair value approximates carrying amounts for certificates of deposit. In addition, the Foundation has investments of \$496,078, which consist of equities and mutual funds, which are carried at market value.

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 1. Summary of Significant Accounting Policies (Continued)

Capital Assets

Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are stated at cost. Donated assets are valued at their estimated fair market value on the date donated. Depreciation of all exhaustible capital assets is charged as an expense against their operations. The costs of books are expensed when purchased. Depreciation is computed using the straight-line method over the estimated useful life of each asset, which varies from five to twenty years.

Income Taxes

The Foundation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and is classified by the Internal Revenue Service as an organization that is not a private foundation. The Foundation recognizes uncertain income tax positions using the "more-likely-than-not" approach as defined in the ASC. No liability for uncertain tax positions has been recorded in the accompanying financial statements.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources, and pension expense, information about the Library's participation in the County Employees Retirement System ("CERS") of the Kentucky Retirement Systems ("KRS") has been determined on the same basis as reported by the KRS for the CERS plan. For this purpose, benefits, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms of the CERS plan of KRS. The liability was measured at June 30, 2020.

Postemployment Benefits Other Than Pensions ("OPEB")

For purposes of measuring the Library's OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the CERS' Insurance Fund and additions to/deductions from the Insurance Fund's fiduciary net position have been determined on the same basis as they are reported by the Insurance Fund. For this purpose, the Insurance Fund recognizes benefit payments when due and payable in accordance with the benefit terms. The liability was measured at June 30, 2020.

Cash and Cash Equivalents

For purposes of statements of cash flows, the Library considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 1. Summary of Significant Accounting Policies (Continued)

Subsequent Events

Subsequent events for the Library have been considered through the date of the Independent Auditor's Report which represents the date the financial statements were available to be issued.

Fund Balance Classification Policies and Procedures

The Board of Trustees is the Library's highest level of decision-making authority. Commitments of fund balance must be approved by the Budget/Finance Committee and brought forward to the entire Board in an open meeting where the Board approves commitments by formal vote. The Board has retained the authority to assign amounts to a specific purpose utilizing the same policy established for committing funds to a specific purpose.

The Library adopted a policy to govern the order of priority on use of fund balance when (1) either restricted or unrestricted amounts are both available and (2) when committed, assigned, or unassigned fund balance classifications could be used. When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it is the policy of the Library to consider restricted amounts to have been reduced first. When an expense is incurred for purposes for which unrestricted fund balance classification could be used, it is the policy of the Library to first use any current fiscal year budgeted amounts available, followed by committed amounts, followed by assigned amounts and then unassigned amounts.

Note 2. Cash and Investments

Kentucky Revised Statutes authorize governmental entities to invest in obligations of the United States and its agencies, obligations of the Commonwealth of Kentucky and its agencies, shares in savings and loan associations insured by federal agencies and deposits in national or state-chartered banks insured by federal agencies and larger amounts in such institutions providing such banks pledge as security obligations of the United States government or its agencies. The investments of the Foundation, as a nonprofit, are not limited by state statute.

The carrying amount of the Library's cash and cash equivalents deposits at June 30, 2021 was \$10,495,640. The carrying amount of the Library's short-term investments at June 30, 2021 was \$5,639,243.

Note 3. Deposits

The Library maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation ("FDIC") as required by KRS 66.480(1)(d). According to KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the Library and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution.

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 3. Deposits (Continued)

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the government's deposits may not be returned. The government does not have a deposit policy for custodial credit risk but rather follows the requirements of KRS 41.240(4). On June 30, 2021, the Library's bank balance was fully collateralized. The Foundation's bank balances may, at times, exceed federally insured limits. The Foundation is not required to maintain collateral and does not believe it is exposed to any significant credit risk on cash.

Note 4. Fair Value and Measurement - Investments

The Library categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 are significant unobservable inputs.

- Level 1 - Quoted prices (unadjusted) of identical assets or liabilities in active markets that an entity has the ability to access as of the measurement date, or observable inputs.
- Level 2 - Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The Library has the following recurring fair value measurements as of June 30, 2021:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Certificate of Deposits	\$ 5,044,355	\$ 5,044,355	\$ -	\$ -
Money Market Funds	111,048	111,048	-	-
Equity securities	198,506	198,506	-	-
Mutual Funds	202,059	202,059	-	-
Corporate Bonds	83,275	-	83,275	-
	<u>\$ 5,639,243</u>	<u>\$ 5,555,968</u>	<u>\$ 83,275</u>	<u>\$ -</u>

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 5. Lexington-Fayette Urban County Government Agreements

The Library is funded by a dedicated property tax assessment collected by the LFUCG, equivalent to \$.05 per each \$100 valuation of all property assessed for local taxation in Lexington, Fayette County, Kentucky under Kentucky Revised Statutes 173.360.

The Library and the Lexington Public Library Corporation (the "Corporation"), which was established in 1985 for the purpose of providing a means to finance the construction of a new central library, entered into a Memorandum of Agreement (the "Agreement") in March 1986, to facilitate this construction process and to facilitate the expansion of library materials and other future capital projects. The Agreement specified that the Library provide the Corporation with 24% of its appropriations from the LFUCG for fiscal year 1989 and each fiscal year thereafter until the debt obligations approved by the Library and incurred by the Corporation have been paid or until such other time as the Library and Corporation determine by mutual agreement. This agreement was amended in 2006 for the current fiscal and future fiscal years reducing the transfer to current debt service until all debts are paid.

LEXINGTON PUBLIC LIBRARY

Capital assets, net	<u>\$ 3,831,630</u>	<u>\$ 690,037</u>	<u>\$ (273,997)</u>	<u>\$ 4,247,670</u>

Depreciation expense was charged as follows:

Governmental Activities

Total Depreciation Expense - Governmental Activities \$ 1,391,531

Business-Type Activities

Total Depreciation Expense - Business-type Activities \$ 194,641

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 7. Retirement Plan

General Information about the Pension Plan

Plan description. Employees of the Library are provided a defined benefit pension plan through the County Employees Retirement System ("CERS"), a cost-sharing multiple-employer defined pension plan administered by the Kentucky Public Pensions Authority ("KPPA"). The KPPA is the successor to Kentucky Retirement Systems and was created by state statute under Kentucky Revised Statute Section 61.645 as amended by House Bill 484 and House Bill 9 of the 2020 and 2021 regular sessions, respectively, of the Kentucky General Assembly. These amendments transferred governance of the County Employees Retirement System ("CERS") to a separate 9-member board of trustees. The CERS Board of Trustees is responsible for the proper operation and administration of the CERS. The KPPA issues a publicly available financial report that can be obtained by writing to Kentucky Public Pensions Authority, Perimeter Park West, 1260 Louisville Road, Frankfort, Kentucky 40601, or by telephone at (502) 564-4646.

Benefits provided. KRS Section 61.645 establishes the benefit terms and can be amended only by the Kentucky General Assembly. The chief legislative body may adopt the benefit terms permitted by statute, there are currently three benefit Tiers. Tier 1 members are those participating in the plan before September 1, 2008, Tier 2 are those that began participation September 1, 2008 through December 31, 2013 and Tier 3 are those members that began participation on or after January 1, 2014.

Tier 1 Non-Hazardous members are eligible to retire with an unreduced benefit at age 65 with four years of service credit or after 27 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation, which must contain at least 48 months. Reduced benefits for early retirement are available at age 55 and vested or 25 years of service credit. Members vest with five years of service credit. Service-related disability benefits are provided after five years of service. Tier 2 Non-Hazardous members are eligible to retire based on the rule of 87: the member must be at least age 57 and age + earned service must equal 87 years at retirement or at age 65 with five years of service credit. Benefits are determined by a formula using the member's highest five consecutive year average compensation, which must be 60 months. Reduced benefits for early retirement are available at age 60 with 10 years of service. Tier 3 Non-Hazardous members are also eligible to retire based on the rule of 87. Benefits are determined by a life annuity calculated in accordance with actuarial assumptions and methods adopted by the board based on a member's accumulated account balance. Tier 3 members are not eligible for reduced retirement benefits.

Prior to July 1, 2009, COLAs were provided annually equal to the percentage increase in the annual average of the consumer price index ("CPI") for all urban consumers for the most recent calendar year, not to exceed 5% in any plan year. After July 1, 2009, the COLAs were limited to 1.50%. No COLA has been granted since July 1, 2011.

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 7. Retirement Plan (Continued)

General Information about the Pension Plan (Continued)

Contributions. Contributions for employees are established in the statutes governing the KRS and may only be changed by the Kentucky General Assembly. Employees contribute 5% of salary if they were plan members prior to September 1, 2008. Employees that entered the plan after September 1, 2008 are required to contribute 6% of their annual creditable compensation. Five percent of the contribution was deposited to the member's account while the 1% was deposited to an account created for the payment of health insurance benefits under 26 USC Section 401(h) in the Pension Fund (see Kentucky Administrative Regulation 105 KAR 1:420E). The Library makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2021, employer contributions for the Library were \$1,195,653 (\$959,107 pension and \$236,546 insurance) based on a rate of 24.06% (19.30% pension and 4.76% insurance) of covered payroll. By law, employer contributions are required to be paid. The KRS may intercept the Library's state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contribution ("ADC") and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Net Pension Liability

The Library's net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate net pension liability was determined by an actuarial valuation performed as of June 30, 2020. The total pension liability was rolled forward from the valuation date to the measurement date using generally accepted actuarial principles.

Actuarial assumptions. The total pension liability as of June 30, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.30 percent
Salary increases	3.30% to 10.30%, varies by service
Payroll Growth Rate	2.00%
Investment rate of return	6.25 percent

The mortality table used for active members was a Pub-2010 General Mortality table, for the non-hazardous system projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010. The mortality table used for healthy retired members was a system-specific mortality table based on mortality experience from 2013-2018, projected with the ultimate rates from MP-2014 mortality improvement scale using a base year of 2020. The mortality table used for the disabled members was PUB-2010 Disabled Mortality table, with a 4-year set-forward for both male and female rates, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010.

The long-term expected rates of return were determined using a building block method in which best estimated ranges of expected future real rates of return were developed for each asset class. The ranges were combined by weighting the expected future real rate of return by the target asset allocation percentage. The target allocation and best estimates of arithmetic real rate of return for each major asset class are summarized in the table below:

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 7. Retirement Plan (Continued)

Net Pension Liability (Continued)

Asset Class	Long-term Expected Real Rate of Return	Target Allocation
Growth		
U.S. Equity	4.50%	18.75%
Non-US Equity	5.25%	18.75%
Private Equity	6.65%	10.00%
Specialty Credit/High Yield	3.90%	15.00%
Liquidity		
Core Bonds	-0.25%	13.50%
Cash	-0.75%	1.00%
Diversifying Strategies		
Real Estate	5.30%	5.00%
Opportunistic	2.25%	3.00%
Real Return	3.95%	15.00%
	3.96%	100.00%

Discount rate. The projection of cash flows used to determine the discount rate of 6.25% assumes that the funds receive the required employer contribution each future year, as determined by the current funding policy established in Statute as amended by House Bill 362. The discount rate determination does not use a municipal bond rate.

Sensitivity of the net pension liability (asset) to changes in the discount rate. The following presents the net pension liability (asset) of the Library calculated using the discount rate of 6.25 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.25 percent) or 1-percentage-point higher (7.25 percent) than the current rate:

	1% Decrease (5.25%)	Current Discount Rate (6.25%)	1% Increase (7.25%)
Lexington Library's net pension liability	\$ 19,475,889	\$ 15,792,742	\$ 12,742,958

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 7. Retirement Plan (Continued)

Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension expense. For the year ended June 30, 2021, the Library recognized pension expense of \$2,109,935.

Deferred outflows of resources and deferred inflows of resources. For the year ended June 30, 2021, the Library reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Liability experience	\$ 393,821	\$ -
Investment experience	684,562	289,369
Change of assumptions	616,680	-
Changes in proportion and difference between employer contributions and proportionate share of contributions	-	439,531
Contributions subsequent to the measurement date of June 30, 2020	<u>959,108</u>	<u>-</u>
Total	<u><u>\$ 2,654,171</u></u>	<u><u>\$ 728,900</u></u>

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 7. Retirement Plan (Continued)

Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

	Recognition of Existing Deferred Outflows (Inflows) of Resources for Future Years Ending June 30,	
	<hr/>	
2021	\$	391,094
2022		243,613
2023		172,737
2024		158,719
	<hr/>	
	\$	966,163
	<hr/> <hr/>	

In the table shown above, deferred inflows of resources amounts will decrease pension expense while deferred outflows of resources amounts will increase pension expense.

Note 8. Postemployment Benefits Other Than Pensions ("OPEB")

General Information about the OPEB Plan

Plan description. Employees of the Library are provided hospital and medical insurance through the Kentucky Public Pensions Authority's County Employees' Retirement System insurance fund ("Insurance Fund"), a cost-sharing multiple-employer defined benefit OPEB plan. The CERS Board of Trustees is responsible for the proper operation and administration of the CERS. The KPPA issues a publicly available financial report that can be obtained by writing to Kentucky Public Pension Authority, Perimeter Park West, 1260 Louisville Road, Frankfort, Kentucky 40601, or by telephone at (502) 564-4646.

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 8. Postemployment Benefits Other Than Pensions ("OPEB") (Continued)

Benefits provided. The Insurance Fund pays a prescribed contribution for whole or partial payment of required premiums to purchase hospital and medical insurance. As a result of House Bill 290 (2004 Kentucky General Assembly), medical insurance benefits are calculated differently for members who began participating on, or after, July 1, 2003. Once members reach a minimum vesting period of 10 years, non-hazardous employees whose participation began on, or after, July 1, 2003, earn \$10 per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually, which is currently 1.5%, based upon Kentucky Revised Statutes. The Kentucky General Assembly reserves the right to suspend or reduce this benefit if, in its judgment, the welfare of the Commonwealth so demands.

Contributions. Contribution requirements of the participating employers are established and may be amended by the KRS Board of Trustees. The Library's contractually required contribution rate for the year ended June 30, 2021 was 4.76% of covered payroll. Contributions to the Insurance Fund from the Library were \$236,546 for the year ended June 30, 2021. Employees that entered the plan prior to September 1, 2008 are not required to contribute to the Insurance Fund. Employees that entered the plan after September 1, 2008 are required to contribute 1% of their annual creditable compensation which is deposited to an account created for the payment of health insurance benefits under 26 USC Section 401(h) in the Pension Fund (see Kentucky Administrative Regulation 105 KAR 1:420E).

OPEB Liabilities, OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2021, the Library reported a liability of \$4,971,328 for its proportionate share of the collective net OPEB liability. The collective net OPEB liability was measured as of June 30, 2020 and the total OPEB liability used to calculate the collective net OPEB liability was determined by an actuarial valuation as of June 30, 2020. The total OPEB liability was rolled forward from the valuation date to the plan's fiscal year ending June 30, 2021, using generally accepted actuarial principles. The Library's proportion of the collective net OPEB liability and OPEB expense was determined using the employers' actual contributions for fiscal year 2021. This method is expected to be reflective of the employers' long-term contribution effort. At June 30, 2020, the Library's proportion was .205878%.

For the year ended June 30, 2021, the Library recognized OPEB expense of \$587,490. At June 30, 2021, the Library reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 8. Postemployment Benefits Other Than Pensions ("OPEB") (Continued)

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Liability experience	\$ 830,605	\$ 831,253
Investment experience	266,675	101,440
Change of assumptions	864,717	5,258
Changes in proportion and difference between employer contributions and proportionate share of contributions	-	233,333
Contributions subsequent to the measurement date of June 30, 2020	<u>358,553</u>	<u>-</u>
Total	<u>\$ 2,320,550</u>	<u>\$ 1,171,284</u>

Of the total amount reported as deferred outflows of resources related to OPEB, \$358,553 resulting from Library contributions subsequent to the measurement date and before the end of the fiscal year and the implicit subsidy will be included as a reduction of the collective net OPEB liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the Library's OPEB expense as follows:

	<u>Recognition of Existing Deferred Outflows (Inflows) of Resources for Future Years Ending June 30,</u>
2021	\$ 213,619
2022	262,518
2023	168,957
2024	163,883
2025	<u>(18,264)</u>
	<u>\$ 790,713</u>

Actuarial assumptions. The following actuarial assumptions were used in performing the actuarial valuation as of June 30, 2021:

Inflation	2.30%
Salary increases	3.30% to 10.30%, varies by service
Payroll Growth Rate	2.0%
Investment rate of return	6.25 percent
Healthcare cost trend rates	Initial trend starting at 6.40% and gradually decreasing to (Pre-65) an ultimate trend rate of 4.05% over a period of 14 years.
Healthcare cost trend rates (Post-65)	Initial trend starting at 2.90% and increasing to an ultimate trend rate of 4.05% over a period of 14 years.

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 8. Postemployment Benefits Other Than Pensions ("OPEB") (Continued)

Mortality Pre-retirement	PUB-2010 General Mortality table, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010.
Post-retirement (nondisabled)	System-specific mortality table based on mortality experience from 2013-2018, projected with the ultimate rates from MP-2014 mortality improvement scale using a base year of 2019.
Post-retirement (disabled)	PUB-2010 Disabled Mortality table, with a 4-year set-forward for both male and female rates, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010.

The long-term expected rate of return was determined by using a building-block method in which best estimate ranges of expected future real rate of returns are developed for each asset class. The ranges are combined by weighting the expected future real rate of return by the target asset allocation percentage. The target allocation and best estimates of arithmetic real rate of return for each major asset class are summarized below:

<u>Asset Class</u>	<u>Long-term Expected Real Rate of Return</u>	<u>Target Allocation</u>
Growth		
US Equity	4.50%	18.75%
Non-US Equity	5.25%	18.75%
Private Equity	6.65%	10.00%
Specialty Credit/High Yield	3.90%	15.00%
Liquidity		
Core Bonds	-0.25%	13.50%
Cash	-0.75%	1.00%
Diversifying Strategies		
Real Estate	5.00%	5.00%
Opportunistic	3.00%	3.00%
Real Return	15.00%	15.00%
	<u>3.96%</u>	<u>100.00%</u>

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 8. Postemployment Benefits Other Than Pensions ("OPEB") (Continued)

Discount rate. - The single discount rate of 5.34% was used to measure the total OPEB liability as of June 30, 2021. The single discount rate is based on the expected rate of return on OPEB plan investments of 6.25% and a municipal bond rate of 2.45%, as reported in Fidelity Index's "20-Year Municipal GO AA Index" as of June 30, 2021. The project of cash flows used to determine the single discount rate must include an assumption regarding future employer contributions made each year. The future contributions are projected in accordance with the current funding policy, as most recently revised by Senate Bill 249 passed during the 2020 legislative session.

Sensitivity of the Library's proportionate share of the collective net OPEB liability to changes in the discount rate. - The following presents the Library's proportionate share of the collective net OPEB liability as well as what the Library's proportionate share of the collective net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (4.34%) or 1 percentage point higher (6.34%) than the current discount rate:

	<u>1% Decrease</u> <u>(4.34%)</u>	<u>Discount Rate</u> <u>(5.34%)</u>	<u>1% Increase</u> <u>(6.34%)</u>
Lexington Library's net OPEB liability	\$ 6,386,697	\$ 4,971,328	\$ 3,808,838

Sensitivity of the Library's proportionate share of the collective net OPEB liability to changes in the healthcare cost trend rates. The following presents the Library's proportionate share of the collective net OPEB liability, as well as what the Library's proportionate share of the collective net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current health care cost trend rates:

	<u>1% Decrease</u>	<u>Current</u> <u>Healthcare</u> <u>Trend Rate</u>	<u>1% Increase</u>
Lexington Library's net OPEB liability	\$ 3,849,050	\$ 4,971,328	\$ 6,333,238

OPEB plan fiduciary net position. Detailed information about the OPEB plan's fiduciary net position is available in the separately issued KRS financial report.

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)

Note 9. Interfund Transactions

Interfund loans on the fund statements at June 30, 2021 consist of the following receivables and payables:

<u>Fund</u>	<u>Receivables</u>	<u>Payable</u>
General Fund	\$ 3,717,771	\$ 644,103
Library Foundation	-	664
Construction	-	3,089,643
Collection Materials	705,268	-
Enterprise Fund	644,103	-
Parking Fund	-	1,332,732
	<u>\$ 5,067,142</u>	<u>\$ 5,067,142</u>

Transfers were used to move Library Foundation contributions to be used for general fund purposes. Interfund transfers on the fund statements at June 30, 2021 consist of the following:

	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ 868,863	\$ -
Library Foundation	-	868,863
	<u>\$ 868,863</u>	<u>\$ 868,863</u>

Note 10. Risk Management

The Library is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters. In addition to its general liability insurance, the Library also carries commercial insurance for all other risks of loss such as worker's compensation and employee health and accidental insurance.

Note 11. Long-term Liabilities

A. Parking Garage Debt

The Library purchased the Park Plaza Garage on April 29, 2005 for \$3,001,000. The Library borrowed \$3,515,000 from the Kentucky League of Cities for a term of 29 years to purchase and make repairs and improvements to the parking garage. The debt was broken down into a fixed rate loan of \$2,970,000 with a rate of 4.28% and a variable rate loan of \$545,000. The final maturity of the debt is May 21, 2034. The variable rate is based on an assumed rate that is established at the beginning of each fiscal year. The effective rate at June 30, 2021 was 4.28%. The outstanding balance was \$2,074,398.

B. Northside Branch Debt

The Library obtained financing for the construction of the Northside branch on September 21, 2008. The Library borrowed \$6,700,000 from the Kentucky League of Cities for a term of 20 years. The debt was broken down into a fixed rate loan of \$5,200,000 with a rate of 3.89% and a variable rate loan of \$1,500,000. The final maturity of the debt is November 1, 2027. The variable rate is based on a weekly rate that is reported to the Kentucky League of Cities by the remarketing agent. At June 30, 2021, the effective rate was 3.89%. The outstanding balance was \$2,216,611.

Fiscal Year Ended June 30	Governmental Activities

C. Energy Project Debt

On March 29, 2012, the Library closed on financing for the Energy Project with the Kentucky League of Cities. Financing program revenue bonds, 2014 Series A was issued in the amount of \$1,270,000 at variable interest rates varying from 2.5% to 4.0%. The final maturity of the debt is October 1, 2026. Bonds payments are due every February and August. The outstanding bond payable amount was \$537,500 at June 30, 2021.

Note 11. Long-term Liabilities (Continued)

E. Changes in Long-Term Liabilities

Long-term liability activity for the governmental activities for the year ended June 30, 2021, was as follows:

Governmental Activities	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Debt obligations	\$ 5,215,682	\$ -	\$ 1,262,194	\$ 3,953,488	\$ 483,881
Bond	624,583	-	87,083	537,500	90,000
Governmental activities Long-term liabilities	\$ 5,840,265	\$ -	\$ 1,349,277	\$ 4,490,988	\$ 573,881
Business-Type Activities	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Debt obligations	\$ 2,193,856	\$ -	\$ 119,458	\$ 2,074,398	\$ 124,411
Business-type activities Long-term liabilities	\$ 2,193,856	\$ -	\$ 119,458	\$ 2,074,398	\$ 124,411

Note 12. Accrued Vacation

When an employee terminates employment with the Library, they are paid for their vacation time remaining, up to 150 hours. A current liability is recorded on the Statement of Net Position and the Balance Sheet for the total amount of vacation earned, not exceeding 150 hours for each employee. The amount of accrued vacation as of June 30, 2021 was \$341,244.

Note 13. Future Accounting Pronouncements

GASB Statement No. 96 - *Subscription-Based Information Technology Arrangements*, was issued in May 2020. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements ("SBITAs") for governments. This Statement defines an SBITA, establishes that a SBITA results in a right-to-use subscription intangible asset and a corresponding subscription liability, provides the capitalization criteria for outlays other than subscription payments and requires note disclosures regarding an SBITA. The standards for SBITAs are based on the standards established in Statement No. 87 - *Leases*. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022.

LEXINGTON PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2021

Note 13. Future Accounting Pronouncements (Continued)

GASB Statement No. 89 - *Accounting for Interest Cost Incurred Before the End of a Construction Period*, was issued in June 2018. The provisions of this Statement are effective for fiscal years beginning after December 15, 2020. This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. This Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles.

In June 2017, the GASB issued Statement No. 87, *Leases*. The provisions of this Statement are effective for fiscal years beginning after June 15, 2021. This Statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

Management of the Library is currently evaluating GASB Statements No. 96, 89 and 87 and at this time cannot quantify the impact on net position of implementation.

Note 14. Other Contingencies

In March 2020, the World Health Organization declared the global novel coronavirus disease 2019 ("COVID-19") outbreak a pandemic. Further, the United States Center for Disease Control and Prevention confirmed the spread of the disease throughout the United States. Operations will continue to be impacted as a result of the COVID-19 crisis, but the ultimate disruption is uncertain and cannot be quantified.

**LEXINGTON PUBLIC LIBRARY
 NOTES TO SCHEDULES RELATED TO THE COUNTY EMPLOYEES
 RETIREMENT SYSTEM INSURANCE FUND
 FISCAL YEAR ENDED JUNE 30, 2021**

The following actuarial methods and assumptions, were used to determine the actuarially determined contributions effective for fiscal year ending June 30, 2021.

Methods and assumptions used to determine contribution rates:

Valuation Date	June 30, 2018
Experience Study	July 1, 2008-June 30, 2013
Actuarial cost method	Entry Age Normal
Amortization method	Level Percent of Pay
Remaining amortization period	25 years, Closed
Payroll Growth Rate	2.0%
Asset valuation	20% of the difference between the market value of assets and the expected actuarial value of assets is recognized
Inflation	2.30 percent
Salary increases	3.30% to 11.55%, varies by service
Investment Rate of Return	6.25% percent
Healthcare Trend Rates	
Pre-65	Initial trend starting at 7.00% at January 1, 2020 and gradually decreasing to an ultimate trend rate of 4.05% over a period of 12 years.
Post - 65	Initial trend starting at 5.00% at January 2, 2020 and gradually decreasing to an ultimate trend rate of 4.05% over a period of 10 years.
Phase-in Provision	Board certified rate is phased into the actuarially determined rate in accordance with HB 362 enacted in 2018.

The mortality table used for active members is RP-2000 Combined Mortality Table projected with Scale BB to 2013 (multiplied by 50% for males and 30% for females). For healthy retired members and beneficiaries, the mortality table used is the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set-back for one year for females). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set-back four years for males) is used for the period after disability retirement.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on An Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees of
Lexington Public Library

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the Lexington Public Library as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Lexington Public Library's basic financial statements, and have issued our report thereon dated September 7, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Lexington Public Library's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Lexington Public Library's internal control. Accordingly, we do not express an opinion on the effectiveness of the Lexington Public Library's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* (Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Lexington Public Library's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
