Finance and Administration Cabinet

The Honorable Zeke Little, Jr., Owsley County Judge/Executive

The Honorable Cale Turner, Former Owsley County Judge/Executive

Members of the Owsley County Fiscal Court

Report on the Audit of the Financial Statement

Disclaimer of Opinion

We were engaged to audit the financial activity contained in the Fourth Quarter Financial Statement of the Owsley County Fiscal Court for the year ended June 30, 2023.

We do not express an opinion on the accompanying financial activity contained in the Fourth Quarter Financial Statement of the Owsley County Fiscal Court. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial activity.

Basis for Disclaimer of Opinion

The absence of effective internal controls, oversight, and review procedures created an environment in which funds were misappropriated and financial records were inaccurate. Based on these conditions, we determined the fraud risk to be too high and were unable to apply other procedures to mitigate this risk. The significance of these issues, in the aggregate, prevents us from placing reliance on the financial activities contained in the Owsley County Fiscal Court's Fourth Quarter Financial Statement and from expressing an opinion on the financial statement of the Owsley County Fiscal Court.

Responsibilities of Management for the Financial Statement

Owsley County Fiscal Court's management is responsible for the preparation and fair presentation of the financial statement in accordance with accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Owsley County Fiscal Court's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

To the People of Kentucky
The Honorable Andy Beshear, Governor
Holly M. Johnson, Secretary
Finance and Administration Cabinet
The Honorable Zeke Little, Jr., Owsley County Judge/Executive
The Honorable Cale Turner, Former Owsley County Judge/Executive
Members of the Owsley County Fiscal Court

Auditor's Responsibilities for the Audit of the Financial Statement

Our responsibility is to conduct an audit of the Owsley County Fiscal Court's financial statement in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statement.

We are required to be independent of the Owsley County Fiscal Court and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the engagement to audit, significant findings, and certain internal control-related matters that we identified during the engagement to audit.

Other Matter

We were engaged to express an opinion on whether the Schedule of Expenditures of Federal Awards (SEFA), as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) is fairly stated in all material respects, in relation to the financial statements as a whole. Because of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not express an opinion on the SEFA in relation to the financial statement.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 24, 2024, on our consideration of the Owsley County Fiscal Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Owsley County Fiscal Court's internal control over financial reporting and compliance.

To the People of Kentucky
The Honorable Andy Beshear, Governor
Holly M. Johnson, Secretary
Finance and Administration Cabinet
The Honorable Zeke Little, Jr., Owsley County Judge/Executive
The Honorable Cale Turner, Former Owsley County Judge/Executive
Members of the Owsley County Fiscal Court

Other Reporting Required by *Government Auditing Standards* (Continued)

Based on the results of our engagement, we present the accompanying Schedule of Findings and Questioned Costs included herein, which discusses the following report findings:

- 2023-001 The Owsley County Fiscal Court Failed To Implement A Strong Internal Control System
- 2023-002 The Owsley County Fiscal Court Failed To Monitor Credit Card Purchases

Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of The Financial
Statement Performed In Accordance With *Government Auditing Standards*

Independent Auditor's Report

The Honorable Zeke Little, Jr., Owsley County Judge/Executive
The Honorable Cale Turner, Former Owsley County Judge/Executive
Members of the Owsley County Fiscal Court

We were engaged to audit, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, financial activity contained in the Fourth Quarter Financial Statement of the Owsley County Fiscal Court for the fiscal year ended June 30, 2023 and have issued our report thereon dated May 24, 2024. Our report disclaims an opinion on the financial statement because the absence of effective internal controls, oversight, and review procedures created an environment in which funds were misappropriated and financial records were inaccurate.

Report on Internal Control Over Financial Reporting

In connection with our engagement to audit the financial statement, we considered the Owsley County Fiscal Court's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Owsley County Fiscal Court's internal control. Accordingly, we do not express an opinion on the effectiveness of the Owsley County Fiscal Court's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs as items 2023-001, 2023-002, 2023-003, 2023-004, 2023-005, 2023-006, 2023-007, and 2023-009 to be material weaknesses.

Report on Compliance And Other Matters

In connection with our engagement to audit the financial statement of the Owsley County Fiscal Court, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2023-001, 2023-002, 2023-003, 2023-004, 2023-005, 2023-006, 2023-007, 2023-008, and 2023-009. Additionally, if the scope of our work had been sufficient to enable us to express an opinion on the financial statement, other instances of noncompliance or other matters may have been identified and reported herein.

Views of Responsible Official and Planned Corrective Action

Government Auditing Standards requires the auditor to perform limited procedures on the Owsley County Fiscal Court's response to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The county's response was not subjected to the auditing procedures applied in the engagement to audit the financial statement, and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Allison Ball

Independent Auditor's Report

Members of the Owsley County Fiscal Court

Report on Compliance for Each Major Federal Program

Disclaimer of Opinion

We were engaged to audit the Owsley County Fiscal Court's compliance with the types of compliance requirements identified as subject to audit in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on the Owsley County Fiscal Court's major federal programs for the year ended June 30, 2023. The Owsley County Fiscal Court's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Disclaimer of Opinion on ALN 21.027 Coronavirus State and Local Fiscal Recovery Funds

We do not express an opinion on Owsley County Fiscal Court's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on Major Federal Program ALN 21.027 Coronavirus State and Local Fiscal Recovery Funds. Because of the significance of the matters described in the Basis for Disclaimer of Opinion of ALN 21.027 paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the compliance requirements referred to above that could have a direct and material effect on the Owsley County Fiscal Court's major federal program Coronavirus State and Local Fiscal Recovery Funds for the fiscal year ended June 30, 2023.

Basis for Opinion of ALN 21.027

The absence of effective internal controls, oversight, and review procedures over this major program created an environment in which funds were misappropriated and financial records were inaccurate. Based on these conditions, we determined the fraud risk to be too high and were unable to apply other procedures to mitigate this risk. The significance of these matters, in the aggregate, prevents us from placing reliance on the schedule of expenditures of federal awards and from expressing an opinion on the compliance requirements referred to above related to this major federal program 21.027 Coronavirus State and Local Fiscal Recovery Funds for the year ended June 30, 2023. The matters are further described in finding number 2023-010 in the accompanying schedule of findings and questioned costs.

Report On Compliance For Each Major Federal Program
And Report On Internal Control Over Compliance

(Continued)

Report on Compliance for Each Major Federal Program (Continued)

Basis for Opinion of ALN 21.027 (Continued)

We are required to be independent of the Owsley County Fiscal Court and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We were unable to obtain sufficient and appropriate audit evidence to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of Owsley County Fiscal Court's compliance with the compliance requirements referred to above.

Compliance with such requirements is necessary, in our opinion, for the Owsley County Fiscal Court to comply with the requirements applicable to that program.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Owsley County Fiscal Court's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our responsibility is to conduct and audit of compliance in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion on ALN 21.027 section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on compliance.

We are required to be independent of the Owsley County Fiscal Court and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance, and therefore, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be a material weakness.

Report On Compliance For Each Major Federal Program
And Report On Internal Control Over Compliance

(Continued)

Report on Internal Control over Compliance (Continued)

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2023-010 to be a material weakness. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the Owsley County Fiscal Court's response to the internal control over compliance findings identified and described in the accompanying schedule of findings and questioned costs. The Owsley County Fiscal Court's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Section II: Financial Statement Findings

2023-001 The Owsley County Fiscal Court Failed To Implement A Strong Internal Control System

The Owsley County Fiscal Court lacks adequate segregation of duties over revenues, disbursements, cash, and payroll. The former Owsley County Treasurer was responsible for recording receipts and disbursements in the ledgers, preparing bank reconciliations, and preparing the county's payroll. As a result, the Owsley County Fiscal Court's fourth quarter financial statement was not an accurate representation of the financial activity of the fiscal court for the fiscal year ending June 30, 2023. There is a known management override of controls, resulting in misappropriation of assets. Furthermore, multiple items were incorrectly classified, and several transactions were not recorded on the financial statement. The following issues were noted:

- As noted in finding 2023-002, assets were misappropriated by a former employee.
- \$37,830 in payments could not be traced to the receipts ledger.
- \$1,422,382 was recorded on the receipts ledger incorrectly.
- The prior year carryover balance was misstated by \$454,622.
- Receipts were misstated by \$524,991.
- Disbursements were misstated by \$511,092.
- The ending balance was misstated by \$585,973.

Due to management override of controls, material errors that were identified, and the potential for unidentified material errors due to a lack of strong internal controls over the financial reporting process, we cannot overcome the fraud risks with additional audit procedures; therefore, we are unable to provide the fiscal court with an opinion on whether the financial statement is free from material misstatement. A disclaimer of opinion will be issued.

The fiscal court failed to adequately segregate the duties involved in recording receipts and disbursements, preparing monthly bank reconciliations, and preparing the fiscal court's payroll. Management also failed to provide adequate oversight regarding the former Owsley County Treasurer's preparation of financial reports, payroll, and use of the county's credit card.

The lack of adequate controls resulted in the misappropriation of county assets and material misstatements on the financial statement. As discussed in finding 2023-002, \$36,285 was charged to the county's credit card that were personal charges for a former member of management. Also, the fiscal court's fourth quarter financial statement and the underlying accounting records were materially misstated. When financial statements do not agree with the actual transaction amounts and are not reconciled to actual bank activity, the risk of material misstatement due to errors or fraud increases substantially.

Proper accounting procedures and internal controls require the financial statement be supported with accurate underlying accounting records such as bank reconciliations and receipts and disbursements ledgers. To ensure adequate oversight, the financial statement should be submitted to the fiscal court for review. Strong internal controls over financial reporting are vital in ensuring the fiscal court's financial statement accurately reflects the financial activity of the fiscal court. Furthermore, strong controls over the county's credit card would prevent misuse and personal expenditures by employees.

These controls should include an individual independent of the accounting function reviewing the financial statements for accuracy and compliance with DLG's reporting requirements. KRS 68.020(4) states the county treasurer, "shall keep an accurate detailed account of all money received and disbursed by him for the county and shall keep books of accounts of the financial transactions of the county in the manner required by the uniform system of accounting prescribed by the state local finance officer." KRS 68.210 gives the state local finance officer the authority to prescribe a uniform system of accounts.

Section II: Financial Statement Findings (Continued)

2023-001 The Owsley County Fiscal Court Failed To Implement A Strong Internal Control System
 (Continued)

Also, custody and use of the county's credit card should be limited to appropriate individuals, and a review of any charges to the credit card should be performed monthly.

We recommend the fiscal court implement internal controls and management oversight over the financial reporting process such as:

- A thorough review of the quarterly financial statements by someone independent of the accounting function that can help detect misstatements and errors that have occurred.
- Tracing transactions posted to the receipts and disbursements ledger to actual bank statement transactions.
- Agreeing fund balances between the quarterly financial statements and bank reconciliations, agreeing bank balances per the bank statements to the quarterly financial statements, and agreeing monthly bank reconciliations.
- Review ledgers to verify transactions have been recorded in the appropriate account codes. Once the ledgers and reconciliations are deemed accurate, the reviewer should document their review and submit the quarterly financial statement to the fiscal court for review.
- The fiscal court should ensure that credit cards are maintained by appropriate personnel and charges are reviewed by an independent employee.

By implementing these procedures, the fiscal court can strengthen its internal control system, ensure accurate financial reporting, and deter misappropriation of assets. This finding will be referred to the Kentucky Department for Local Government.

Views of Responsible Official and Planned Corrective Action:

County Judge/Executive's Response: Owsley County Fiscal Court has been under new administration since January 2023 and working diligently to fix any and all problems that have been an issue. Owsley County Fiscal Court will develop a procedure manual to ensure that proper actions are taken on segregation of duties over revenues, disbursements, cash and payroll.

2023-002 The Owsley County Fiscal Court Failed To Monitor Credit Card Purchases

The Owsley County Fiscal Court maintained a credit card to be used for various purchases that cannot be made by check. The credit card was utilized primarily by a former employee without oversight of purchases made on this credit card. Based upon a review of the activity for the credit card for fiscal year 2023, the following issues were noted:

- \$36,285 in personal charges, which included a \$204 cash advance for the former county treasurer.
- \$11,809 in charges were potentially for official business, but supporting documentation was not maintained to verify the nature of the charges.
- \$280 in late fees were assessed on the account.
- \$1,250 in interest was charged because billed amounts were not paid timely.
- \$6 in cash advance fees were charged to the account.

2023-002 The Owsley County Fiscal Court Failed To Monitor Credit Card Purchases (Continued)

According to the county, the incoming county judge/executive was unaware that the fiscal court maintained a credit card. Also, there were no internal controls over the custody, purchasing, and payment of the credit card. As a result, the fiscal court has paid at least \$37,821 for personal purchases and an additional \$11,809 that are potentially not valid obligations of the fiscal court. This occurred as a direct result of the fiscal court's failure to implement internal controls to prevent personal use of the credit card.

According to KRS 68.275(1), "[c]laims against the county that are within the amount of line items of the county budget and arise pursuant to contracts duly authorized by the fiscal court shall be paid by the county judge/executive by a warrant drawn on the county...". The fiscal court should approve all expenditures, management should be involved in the purchasing process, and all expenditures should be treated consistently. Also, the custody and purchases on a credit card should be approved at an appropriate level of management and an independent employee should review all credit card purchases.

We recommend the fiscal court implement internal controls over the use of credit cards. If a credit card is maintained by the fiscal court, the use of the card should be limited to appropriate individuals and standard procedures should be developed and followed. This finding will be referred to the Kentucky State Police and the Kentucky Office of the Attorney General.

County Judge/Executive's Response: Owsley County Fiscal Court has been under new administration since January 2023 and working diligently to fix any and all problems that have been an issue. Owsley County Fiscal Court has already put in place that credit card is only given to Treasurer, Finance Officer, Road Forman and Judge Executive to use for any purchases needing bought.

2023-003 The Owsley County Fiscal Court Lacks Adequate Internal Controls Over Receipts At The Recreation Center

The Owsley County Fiscal Court operates a recreation center. The recreation center collects receipts for events, room rentals, and the sale of concessions for events. The receipts collected for these events and concession sales are routinely cash receipts. There is no established process for these collections. Receipts are not given to customers, daily checkout sheets are not prepared, and deposits are not made daily.

During a review of the activity for the recreation center, it was noted that from July 2022 through January 4, 2023, the recreation center collected and deposited cash receipts of \$5,291 for events and concession sales. From January 2023 through mid-June 2023, there was no cash receipts for the recreation center for events and concession sales deposited into the parks and recreation fund. During this same period, checks totaling \$48,709 designated for other county funds were deposited into the parks and recreation fund. Beginning June 23, 2023 through June 30, 2023, the recreation center collected cash receipts of \$745 that were deposited into the parks and recreation fund for events and concession sales.

Management failed to implement controls over the receipts process at the recreation center. Management also failed to monitor deposits to determine why there were no cash sales for events and concession sales documented from January 2023 through June 22, 2023, and checks designated for other funds of the county were deposited into the recreation fund for that period of time. Failure to implement adequate controls over off-site collections could have resulted in a misappropriation of cash assets and checks totaling \$48,709 designated for other funds were incorrectly deposited into the parks and recreation fund. As a result of the erroneous deposits, the parks and recreation center fund receipts are overstated by \$48,709.

2023-003 The Owsley County Fiscal Court Lacks Adequate Internal Controls Over Receipts At The Recreation Center (Continued)

Good internal controls dictate that adequate controls exist over recreation center receipts and disbursements to ensure they are properly reported and that all receipts are deposited into the correct fund. In addition, KRS 68.210 gives the state local finance officer the authority to prescribe a uniform system of accounts. Pursuant to KRS 68.210 the state local finance officer has prescribed minimum accounting and reporting standards in the Department for Local Government's *County Budget Preparation and State Local Finance Officer Policy Manual*. The manual states, "Daily deposits intact into a federally insured banking institution." It also states, "Pre-numbered three-part receipt forms should be issued for all receipts. Original to be given to payer, copy to be attached in sequential order to daily cash check-out sheet or daily deposit record, and copy to remain in file." Also, good internal controls dictate receipts are accounted for daily and all collections are deposited daily. Any discrepancies between the deposit and daily checkout sheet should be documented.

We recommend the fiscal court enforce triplicate receipt issuance and maintenance for off-site collections for any payment from a customer, whether the payment is cash or check. In addition, daily checkout sheets should be prepared, daily deposits should be made into a federally insurance bank, and a member of management should review collection activity.

County Judge/Executive's Response: Owsley County Fiscal Court has been under new administration since January 2023 and working diligently to fix any and all problems that have been an issue. Owsley County Fiscal Court will develop a procedure manual to ensure that proper actions are taken on receiving cash on sales that are made at the Recreation Center.

2023-004 The Owsley County Fiscal Court Lacks Adequate Internal Controls Over Receipts

The Owsley County Fiscal Court lacks adequate internal controls over receipts. During fiscal year 2023, the following errors were noted:

- \$37,830 was paid to the fiscal court from the Kentucky Finance and Administration Cabinet that could not be traced to the receipts ledger.
- \$1,422,382 was paid to the fiscal court from the Kentucky Finance and Administration Cabinet and was posted to the receipts ledger incorrectly.
- \$322,500 was paid to the fiscal court for a pass-through grant and was not recorded on the receipts ledger.

Also, the fiscal court has off-site collections for the sale of gravel from a stockpile where citizens of the county can purchase gravel at the cost paid by the fiscal court. Receipts are issued to customers; however, there are no daily checkout sheets and deposits are not made daily. Receipts are posted to the county's ledger when deposits are reviewed on the bank statement.

The fiscal court failed to realize the importance of strong internal controls over reporting financial information, and instead relied on a single employee without sufficient oversight. The errors were not detected because financial reports were not reviewed by another employee to ensure accuracy. Furthermore, management has failed to implement policies and procedures for off-site collections that aren't directly received by the county treasurer. As a result, the fiscal court's financial reports were materially misstated.

2023-004 The Owsley County Fiscal Court Lacks Adequate Internal Controls Over Receipts (Continued)

KRS 68.020(4) states, “[h]e shall keep an accurate detailed account of all money received and disbursed by him for the county, and shall keep books of accounts of the financial transactions of the county in the manner required by the uniform system of accounting prescribed by the state local finance officer.”

We recommend the fiscal court implement stronger internal controls over all receipts of the county. All receipts should be recorded in the appropriate account code, deposits should be made daily, daily checkout sheets should be prepared, and an employee not involved in the receipts process should review all receipts. We also recommend any payment for off-site collections from a customer should be accompanied by triplicate receipt, daily checkout sheets should be prepared, daily deposits should be made, and a member of management should review collection activity.

Owsley County Judge/Executive’s Response: Owsley County Fiscal Court has been under new administration since January 2023 and working diligently to fix any and all problems that have been an issue. 2023-005 The Owsley County Fiscal Court Lacks Adequate Internal Controls Over Disbursements

During fiscal year 2023, the Owsley County Fiscal Court lacked proper controls over purchasing and disbursement procedures. The purchase order system in place did not operate correctly and was not in compliance with the fiscal court's purchasing procedures and Kentucky Department for Local Government (DLG) guidance. The following deficiencies were noted:

- 27 disbursements totaling \$301,981 were made without adequate supporting documentation, and it is unclear if these disbursements were recorded correctly or if the disbursements were valid obligations of the fiscal court.
- 18 disbursements totaling \$258,769 were not presented to the fiscal court prior to payment.
- 20 invoices totaling \$134,946 were not paid within 30 working days.
- 54 invoices were paid without a purchase order.
- Encumbrances reported on the county’s financial statement are not accurate.

As noted in finding 2023-001, these deficiencies were largely related to the fiscal court’s weak system of internal controls. Management failed to implement adequate internal controls over the disbursements process. As a result of these deficiencies, it is unclear if all purchases were for official business or were properly recorded on the financial statement. Further, without an operating purchase order system, the fiscal court was not monitoring the budget effectively.

KRS 68.210 gives the state local finance officer the authority to prescribe a uniform system of accounts. Pursuant to KRS 68.210, the state local finance officer has prescribed minimum accounting and reporting standards in the Department for Local Government's *County Budget Preparation and State Local Finance Officer Policy Manual*, which outlines the necessary requirements of a purchase order system. These requirements include listing the amount of the claim and the appropriation code to which the claim will be posted. Proper internal controls would require the purchase order number be noted on the related invoice.

2023-005 The Owsley County Fiscal Court Lacks Adequate Internal Controls Over Disbursements
 (Continued)

KRS 68.275(2) states, “[t]he county judge/executive shall present all claims to the fiscal court for review prior to payment[.]”

KRS 65.140(2) requires that “all bills for goods or services shall be paid within thirty (30) working days of receipt of a vendor's invoice.”

We recommend the fiscal court implement stronger internal controls over the disbursements process including ensuring all expenditures are supported by an invoice or bill; ensuring all expenditures are valid obligations of the fiscal court; properly document that all claims were presented to the fiscal court prior to payment; ensuring all invoices are paid within 30 business days; and implementing a functioning purchase order system.

2023-006 The Owsley County Fiscal Court Does Not Have Adequate Controls Over The Payroll Process

This is a repeat finding and was included in the prior year audit report as finding 2022-005. The Owsley County Fiscal Court's internal controls over the payroll process were not operating effectively. The following deficiencies were noted:

- Five timesheets were not approved by a supervisor.
- Timesheets did not separate hours worked from overtime hours.
- Overtime paid to a former employee was not documented on the employee's timesheets.
- Timesheets were signed before the end of the respective pay period.
- Payroll taxes withheld from employee pay were not remitted timely, resulting in interest and penalties paid by the county for the late payments, totaling \$25,659.
- The payroll revolving account, used to process payroll, has an unreconciled ending balance of \$56,889 as of June 30, 2023. It is unknown to which county fund this amount belongs.
- Amounts from the fiscal court's payroll reports do not agree to amounts on monthly retirement remittance reports.

The above deficiencies occurred as a result of the improper design and implementation of internal controls. A lack of strong internal controls over payroll could allow employees to be underpaid/overpaid and an unexplained ending balance in the payroll revolving account. Delayed payment of withheld employee taxes to state and federal agencies costs the county penalty and interest fees.

2023-006 The Owsley County Fiscal Court Does Not Have Adequate Controls Over The Payroll Process
 (Continued)

Strong internal controls over payroll and timekeeping are vital in ensuring that payroll amounts are calculated and accounted for properly. Additionally, properly designed internal controls over payroll processing requires all timesheets are prepared consistently and accurately, and the revolving account to be reconciled monthly. Also, any taxes withheld should be paid to state and federal revenue departments as required.

Per the Withholding Kentucky Income Tax manual Section I, “Wages paid to a Kentucky resident as a regular employee in the conduct of business of an employer required to withhold taxes, are subject to withholding on services performed both in and outside Kentucky.” In addition, Section IV(D) states, “Employers withholding \$50,000 or more Kentucky income tax a year must file and pay on a twice-monthly basis. Employers meeting the twice-monthly filing requirement must notify DOR and be placed on a twice-monthly basis. When an account has been placed on twice-monthly filing and the employer fails to file twice-monthly, applicable interest and penalties will be assessed as described in Section X.”

We recommend the fiscal court develop and implement strong internal controls over payroll. All timesheets prepared by employees should be dated, reviewed, and approved correctly, and the payroll revolving account should be reconciled monthly. Also, all taxes withheld should be paid promptly in accordance with their respective taxing agency.

2023-007 The Owsley County Fiscal Court Did Not Prepare An Accurate Schedule Of Expenditures Of
 Federal Awards

The Owsley County Treasurer prepared a Schedule of Expenditures of Federal Awards (SEFA) for fiscal year 2023. The SEFA reported federal expenditures totaling \$1,875,024. The SEFA was materially misstated. The amounts reported could not be verified and the following discrepancies were noted:

- \$18,808 was included for ‘OPIOID Funding’ that could not be verified.
- Federal Emergency Management Agency (FEMA) expenditure amount was overstated by \$831,833.
- U.S. Department of Housing and Urban Development expenditures were overstated by \$22,500.

If the SEFA amounts were adjusted for errors noted, total federal expenditures would be \$1,001,883. However, due to issues noted in report finding 2023-001, we cannot determine the accuracy of this amount.

The fiscal court failed to implement adequate controls over the preparation of the SEFA. The failure to prepare the SEFA accurately, misrepresented the fiscal court’s federal expenditure activity for the fiscal year and overstated federal expenditures by \$873,140.

2023-007 The Owsley County Fiscal Court Did Not Prepare An Accurate Schedule Of Expenditures Of Federal Awards (Continued)

2 C.F.R. § 200.510(b) states, “[t]he auditee must also prepare a schedule of expenditures of Federal awards for the period covered by the auditee’s financial statements which must include the total Federal awards expended....” At a minimum, the schedule must include the following if applicable:

- (1) List individual Federal programs by Federal agency.
- (2) For Federal awards received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity.
- (3) Provide total Federal awards expended for each individual Federal program and the Assistance Listings Number or other identifying number when the ALN information is not available.
- (4) The total amount provided to subrecipients from each Federal program.
- (5) For loan or loan guarantee programs identify in the notes to the schedule the balances outstanding at the end of the audit period. This is in addition to including the total Federal awards expended for loan or loan guarantee programs in the schedule.
- (6) Include notes that describe the significant accounting policies used in preparing the schedule.

Good internal controls dictate that the fiscal court have procedures in place to review the SEFA prepared by the county treasurer for accuracy and to ensure all federal expenditures for the fiscal year are accurately included on the SEFA.

We recommend the fiscal court implement internal controls to ensure that the SEFA is properly prepared and federal expenditures are reported accurately. This finding will be referred to the Kentucky Department for Local Government, the U.S. Department of The Treasury, and Kentucky Emergency Management.

2023-008 The Owsley County Fiscal Court Did Not Follow Bidding Requirements Or Have Adequate Controls Over Bidding Procedures

The Owsley County Fiscal Court did not have adequate internal controls over bidding procedures and did not follow bid requirements. The fiscal court advertised for bids but did not keep any documentation to support the approval or awarding of bids. Also, the fiscal court failed to advertise for bids for fuel, on which \$63,629 was spent during fiscal year 2023.

The fiscal court failed to keep records to support the awarding of bids and were unaware of the requirement to advertise for bids for fuel. Limiting competition or not receiving bids at all could hinder the fiscal court from procuring equipment and services at the best price available.

2023-008 The Owsley County Fiscal Court Did Not Follow Bidding Requirements Or Have Adequate Controls Over Bidding Procedures (Continued)

During the year of audit, KRS 424.260 required that when procuring services at a cost exceeding \$30,000, the county should make a newspaper advertisement for bids. A county should determine its reasonable and anticipated needs for at least a year. Strong internal controls over the awarding of bids would require that bid documents be maintained to support why each contract is awarded. Furthermore, the fiscal court's administrative code 410.1 states, "Contracts exceeding \$30,000 shall be approved by the fiscal court before it is executed."

We recommend the fiscal court ensure any purchases over \$30,000 or more are bid in compliance with the county administrative code. When bids are awarded by the fiscal court, adequate documentation should be maintained to support the award. In addition, we recommend any invoice for items bid be compared to the actual proposal to ensure items delivered were the one actually bid and to ensure accurate billing.

2023-009 The Owsley County Fiscal Court's Disbursements Exceeded Budgeted Appropriations

This is a repeat finding and was included in the prior year audit report as finding 2022-001. The Owsley County Fiscal Court lacks internal controls over the budgeting process. The fiscal court is required to prepare a budget each fiscal year and make any amendments to the budget if necessary. The fiscal court exceeded their budgeted appropriations in the General Fund and the Solid Waste Fund by \$3,456 and \$27,145, respectively. Furthermore, budget amendments were not recorded correctly on the financial statement, approved by the fiscal court, or submitted to the Kentucky Department for Local Government (DLG) as required.

The fiscal court failed to implement internal controls over the budgeting process and failed to properly make necessary budget amendments. As a result, the fiscal court had expenditures from funds that were in excess of budgeted amounts. Also, the fiscal court is not in compliance with budget requirements.

KRS 68.300 states, "[a]ny appropriation made or claim allowed by the fiscal court in excess of any budget fund, and any warrant or contract not within the budget appropriation, shall be void. No member of the fiscal court shall vote for any such illegal appropriation or claim. The county treasurer shall be liable on his official bond for the amount of any county warrant willfully or negligently signed or countersigned by him in excess of the budget fund out of which the warrant is payable."

Strong internal controls over financial reporting are vital in ensuring the fiscal court's actual expenditures do not exceed the budgeted expenditures in each fund and that any amendments to the county's budget are properly approved.

We recommend the Owsley County Fiscal Court implement internal controls to ensure that expenditures are within budget appropriations as required by statute and if necessary, request a budget amendment prior to exceeding the budget. Furthermore, any amendments to the fiscal court's budget should be recorded on the financial statement, documented in the fiscal court minutes, and submitted to DLG for approval.

COVID-19 Related: Yes

The Owsley County Fiscal Court was awarded \$857,562 from the United States Department of The Treasury during fiscal years 2021 and 2022. These funds were provided to respond to the public health emergency with respect to COVID-19 and its negative economic impact. The fiscal court used the funds to supplement a loss of revenue in the county's various funds used for day-to-day operations. The fiscal court expended \$474,553 during fiscal year 2023 through inter-fund transfers and expenditures directly from the fund. Of the \$474,553 expended, there was no documentation maintained to support the expenditures.

The fiscal court failed to implement adequate internal controls over federal expenditures which would require adequate documentation for any federal program expenditures. Without adequate documentation to support expenditures, granting agencies could request the funds be refunded. Furthermore, we were unable to obtain sufficient audit evidence to provide an opinion on the fiscal court's compliance with the direct and material compliance requirements for this major federal program.

2 CFR § 200.303 requires a non-federal entity to "[e]stablish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award." In addition, 2 CFR § 200.302 states, in part, "These records must contain information pertaining to Federal awards, authorizations, financial obligations, unobligated balances, assets, expenditures, income, and interest be supported by source documentation." Good internal controls dictate that the fiscal court have procedures in place to ensure that all records are maintained and can support expenditures of program awards.

Total likely questioned costs are \$474,553. Questioned costs were computed by reviewing the total amount of expenditures of program funds during fiscal year 2023. There was no documentation maintained to support any of the expenditures for this program. This is not a repeat finding.
